# Q1 2026 MILESTONES

# LETTER FROM THE PRESIDENT

Dear Investors,

As we closed the first quarter of 2026, broader macroeconomic uncertainty, shifting global trade dynamics, and continued volatility across real estate markets remained present. Despite these conditions, Centurion Apartment REIT continued to demonstrate resilient operating performance, supported by strong portfolio fundamentals, disciplined execution, and the continued diversification and stabilization of its platform.

During the three months ended March 31, 2026, the Trust successfully completed commercial-to-residential conversions totaling 62 units, complementing the 2,263 new units introduced to the market during 2025. Centurion continues to focus on expanding and enhancing its portfolio within attractive Canadian rental markets while maintaining a disciplined approach to growth and capital allocation. Recently completed developments continue to progress through lease-up and stabilization, supporting future NOI, FFO, and cash flow growth as occupancy matures.

Management continues to prioritize disciplined capital allocation, operational efficiency, and long-term portfolio quality while selectively advancing development, intensification, and repositioning opportunities aligned with the Trust's core markets.

Turning to operations, the Trust's financial performance remained solid during the quarter:

- Total assets remained stable at \$7.2 billion.
- Property Operating Revenues increased by 4.3%, while Net Operating Income ("NOI") increased 2.1% year-over-year, supported by continued rental growth and stable occupancy within the stabilized portfolio.
- Stabilized property occupancy remained strong at 96.1%, reflecting resilient rental demand across the Trust's core markets.
- Average rents increased by 2.55% in the apartment portfolio and 7.85% in student housing, supported by market fundamentals and the quality of the Trust's assets.
- Class A and Class F/I Units generated trailing twelve-month returns of (0.78)% and 0.08%, respectively, reflecting softer market valuation conditions during the period.

In 2025, the Trust experienced higher-than-normal redemption requests, consistent with broader trends across the alternative investment sector. In response, the Trust implemented a Managed Redemption Program. These actions were implemented alongside broader governance enhancements designed to strengthen operational flexibility and support long-term capital management. Since the commencement of the Managed Redemption Program, Centurion has paid approximately \$60.0 million to redeeming unitholders on a pro-rata basis. This included the settlement of de minimis redemption requests, generally those below \$3,000, resulting in the fulfillment of over 20% of redemption requests to date. In addition, approximately \$20.0 million of previously issued COT Notes were converted back into Trust Units at unitholder request. Please refer to the Trust's website for additional updates regarding the Managed Redemption Program. The Trust continues to maintain a disciplined capital structure and liquidity management approach, supported by long-standing lending relationships and a focus on financial flexibility.

While market conditions may continue to evolve, Centurion's diversified portfolio, disciplined operating platform, and focus on long-term value creation position, the Trust is well positioned to navigate the current environment. Demand for high-quality rental housing remains resilient across the Trust's core markets, and Management continues to actively refine leasing, pricing, and operating strategies to support occupancy, resident retention, and long-term margin stability. Management remains focused on strengthening cash flow generation and delivering sustainable long-term value for Unitholders.

Thank you for your continued trust and partnership. We look forward to building on this momentum in the years ahead.

**GREG ROMUNDT**

Founder, Executive Chair of Centurion Asset Management Inc. and Trustee

# FORWARD-LOOKING STATEMENTS

The Management's Discussion and Analysis ("MD&A") of Centurion Apartment Real Estate Investment Trust ("Centurion", "Centurion REIT", "Centurion Apartment REIT", the "Trust" or the "REIT") contains "forward-looking statements" within the meaning of applicable securities legislation. This document should be read in conjunction with the material contained in the Trust's unaudited condensed consolidated interim financial statements for the three months ended March 31, 2026, along with Centurion REIT's other documents available on the Trust's website. Forward-looking statements appear in this MD&A under the heading "Outlook" and generally include, but are not limited to, statements with respect to management's beliefs, plans, estimates and intentions, and similar statements concerning anticipated future events, results, circumstances, performance or expectations, including but not limited to financial performance, equity or debt offerings, new markets for growth, financial position, comparable multi-residential REITs and proposed acquisitions. Generally, these forward-looking statements can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", "believes", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "might" or "will be", "taken", "occur" or "be achieved".

Forward-looking statements are subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of Centurion REIT to be materially different from those expressed or implied by such forward-looking statements, including but not limited to: the risks related to the market for Centurion REIT's trust Units, the general risks associated with real property ownership and acquisition, that future accretive acquisition opportunities will be identified and/or completed by Centurion REIT, risk management, liquidity, debt financing, credit risk, competition, general uninsured losses, interest rate fluctuations, environmental matters, restrictions on redemptions of outstanding Centurion REIT's trust Units, lack of availability of growth opportunities, diversification, potential unitholders' liability, potential conflicts of interest, the availability of sufficient cash flow, fluctuations in cash distributions, the unit price of Centurion REIT's trust Units, the failure to obtain additional financing, dilution, reliance on key personnel, changes in legislation, failure to obtain or maintain mutual fund trust status and delays in obtaining governmental approvals or financing as well as those additional factors discussed in Appendix D "Risks and Uncertainties" and in other sections of the MD&A.

In addition, certain material assumptions are applied by the Trust in making forward-looking statements including, without limitation, factors and assumptions regarding;

- Overall national economic activity
- Regional economic factors, such as employment rates
- Inflationary/deflationary factors
- Long, medium, and short-term interest rates
- Legislated requirements
- Availability of financing
- Vacancy rates

Although the forward-looking information contained herein is based upon what Management believes are reasonable assumptions, there can be no assurance that actual results will be consistent with these forward-looking statements. Centurion REIT has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements, however, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. Centurion REIT does not intend to update any forward-looking statements that are incorporated by reference herein, except in accordance with applicable securities laws.

Certain statements included herein may be considered "financial outlook" for purposes of applicable securities laws, and such financial outlook may not be appropriate for purposes other than this MD&A.

# CENTURION APARTMENT REAL ESTATE INVESTMENT TRUST

The REIT is a private real estate investment trust focused on apartment buildings, student housing, and mortgage investments in Canada. It is organized as an unincorporated open-ended investment trust created by a declaration of trust made as of August 31, 2009, and as amended and restated, (the “Declaration of Trust”) is governed by the laws of the Province of Ontario and the federal laws of Canada applicable therein. See “Declaration of Trust” and “Description of Units”.

## **Objective**

The REIT's primary objective is to provide investors with stable and sustainable cash distributions, payable monthly and tax-deferred where reasonably possible, while offering the opportunity for long-term growth and preservation of capital. Its aim is to achieve this through the ownership and active management of a diversified portfolio of income-producing multi-unit residential apartments, student housing properties, and mortgage and equity investments across Canada. The REIT's strategy is grounded in its core values - R.I.S.E - Respect for all stakeholders, Integrity in our business practices, Simplicity and efficiency in operations, and a drive for Excellence in portfolio performance and service delivery.

## **Strategy**

To accomplish these objectives, the REIT has adopted the following strategies:

1. Reliable and Sustainable Distributions
  - Focus on consistent cash flow generation to fund stable monthly distributions.
  - Utilize tax-efficient structures to enhance after-tax returns for investors.
  - Balance distribution levels with reinvestment needs to support long-term capital preservation.
2. Portfolio Diversification and Growth
  - Maintain and expand a diversified portfolio of multi-unit residential and student housing properties across strong, high-demand markets in Canada.
  - Complement real estate holdings with selective mortgage and equity investments to provide flexibility, liquidity, and enhanced returns.
  - Pursue acquisitions that align with demographic trends, strong occupancy demand, and sustainable income profiles.
3. Active Portfolio and Asset Management
  - Maximize unit value through disciplined property management, capital improvements, and tenant retention initiatives.
  - Continuously evaluate the portfolio to identify opportunities for repositioning, redevelopment, or disposition of non-core assets.
  - Implement operational efficiencies to drive margin expansion and improve net operating income.
4. Strategic Partnerships and Market Access
  - Leverage the REIT's network of industry and capital market relationships to source attractive investment opportunities.
  - Partner with reputable developers, operators, and lenders to expand the pipeline of projects and diversify exposure.
  - Utilize these relationships to strengthen risk management practices and enhance market insights.

# CENTURION APARTMENT REAL ESTATE INVESTMENT TRUST

## 5. Financial Discipline and Risk Management

- Maintain a prudent capital structure through disciplined leverage, proactive refinancing, and liquidity management.
- Align distributions with recurring cash flows while preserving flexibility for reinvestment and growth.
- Uphold transparency, integrity, and accountability in financial reporting, governance, and stakeholder engagement.

## 6. Commitment to Excellence

- Enhance the tenant experience through quality property management and continuous improvement in service delivery.
- Benchmark financial and operational performance against industry peers to ensure competitiveness.
- Embed ESG considerations and sustainability initiatives into asset management practices to strengthen long-term value creation. For more information on the REIT's ESG strategy, see the ESG Report on the website.

## DECLARATION OF TRUST

The policies of the Trust are outlined in the amended and restated Declaration of Trust (the “DoT”) dated November 7, 2025. The DoT can be found at:

<https://www.centurion.ca/investment-solutions/centurion-apartment-reit>

The investment guidelines and operating policies are set out in the DoT.

# NON-IFRS MEASURES

Centurion Apartment REIT prepares its unaudited condensed consolidated interim financial statements in accordance with IFRS. In this MD&A, as a complement to the financial results provided in accordance with IFRS, Centurion Apartment REIT also discloses and discusses certain financial measures not recognized by IFRS including Net Operating Income (“NOI”), Normalized Net Operating Income (“NNOI”) and Funds From Operations (“FFO”).

These metrics (or, in each case, substantially similar terms) are measures used by Canadian real estate investment trusts as indicators of financial performance, however they do not have standardized meanings prescribed and these measures may differ from similar computations as reported by other real estate investment trusts and, accordingly, may not be comparable to similarly-termed measures reported by other such issuers.

Net Operating Income (“NOI”) is a key measure of operating performance used in the real estate industry and includes all rental revenues generated at the property level, less related direct costs such as utilities, realty taxes, insurance and on-site maintenance wages and salaries. As one of the factors that may be considered relevant by readers, Management believes that NOI is a useful supplemental measure that may assist prospective investors in assessing the Trust.

NNOI is a key measure of potential operating performance used in the real estate industry and differs from NOI mainly in that certain long-term stabilizing assumptions are made in the calculation of NNOI. Such assumptions may reflect a stabilized (normalized) view of key inputs in the calculation of NNOI such as forward-looking rents, vacancy ratios, property taxes, wages, repairs and maintenance, and other costs. NNOI is often used by property appraisers in valuing a property. NNOIs have been used, among other things for evaluating potential property acquisitions, to determine fair values of the investment properties held by the Trust, and to estimate the capacity to make distributions and the level of distributions. Management believes that given the rapid rate of growth of the portfolio, that new acquisitions often require stabilization and repositioning periods and that many in the real estate industry use NNOI when purchasing or selling a property, NNOI is a useful tool in evaluating the portfolio.

FFO is a financial measure used by some REITs to define their operating performance to provide an idea of the REIT's cash performance, which is a better indicator of a REIT's performance than earnings which includes large non-cash items. As a rapidly growing REIT with a number of properties that are currently unstabilized or in a period of repositioning, Management does not look at FFO to be a very useful indicator of stabilized cash flows or earnings but calculates and presents FFO as an input into the calculation of the measures such as NFFO.

NFFO is a financial measure that adjusts Funds From Operations for non-recurring items. Some of these items Management considers to be capital in nature but for accounting purposes are expensed under IFRS (e.g. portfolio stabilization costs). Adjustments may include things such as portfolio stabilization costs (e.g. extra vacancy costs, rental promotions costs and non-normalized collections and evictions costs) that are not expected to be ongoing once stabilization is achieved, adjustments for the difference between underwritten Internal Rates of Return on participating mortgage type investments and minimum coupon rates on those investments to show the impact of timing differences on earnings related to these investments, leakage costs on excess capital (for undeployed capital) that has dragged on current period earnings, nonrecurring and new recurring measures such as internalization of the asset and property management teams and their influence on earnings capacity. Management looks at NFFO as a better measure of the REIT's current cash-generating capacity than FFO as it takes a stabilized view of the portfolio and adjusts for items that are not expected to influence earnings capacity over the medium to long term. It excludes identified opportunities and costs that Management has identified and believes may be realized over time.

Readers are cautioned that these metrics and calculations are not alternatives to measures under IFRS and should not, on their own, be construed as indicators of the Trust's performance, cash flows, measures of liquidity or as measures of actual returns on units of the Trust. These non-IFRS measures, as presented, should only be used in conjunction with the unaudited condensed consolidated interim financial statements of the Trust. In addition, these measures may be calculated differently by other similar organizations and may not be comparable.

The Trust currently has five classes of units, the Class “A” Units, Class “F” Units, Class “I” Units, and Exchangeable “B”, “C” and “D” LP Units. Under IFRS, the REIT has no instrument qualifying for equity classification on its unaudited condensed consolidated interim financial statements and as such, all units are classified as financial liabilities. The classification of all units as financial liabilities with the presentation as net assets attributable to Unitholders does not alter the underlying economic interest of the Unitholders in the net assets and net operating results attributable to Unitholders.

# NON-IFRS MEASURES

## RECONCILIATION

Management has elected to reclassify certain portfolio investments that are presented as either participating loan interests and/or equity accounted investments in accordance with IFRS to a management reporting method that classifies these investments based on their underlying nature and expected returns. This method provides Management with a platform to evaluate investments with similar characteristics and actively manage risk. The tables below outline the adjustments from IFRS for property operating revenue, net operating income, investment properties, mortgage payable and the mortgage investment portfolio to better evaluate the Trust's net operating margin and present the composition of investments held by the Trust to align with the business.

# Q1 2026 OPERATING RESULTS

As at March 31, 2026, total assets remained stable at \$7.2 billion compared to prior year end. The portfolio consists of 160 buildings and 23,983 rental units. While the Trust has not completed any acquisitions during 2026 to date, the acquisition pipeline remains active and selective, supported by ongoing opportunities within attractive Canadian rental markets.

During the quarter, the Trust completed the conversion of 10 commercial units into 62 residential units. In addition, with seven projects currently in development, Centurion continues to advance development and intensification initiatives across its portfolio, with a focus on projects expected to enhance asset quality, increase rental housing supply, and support long-term value creation as assets progress through lease-up and stabilization.

Rental revenue increased by 4.3% year-over-year to \$103.7 million (March 31, 2025: \$99.4 million), supported by continued market rent growth, stable occupancy within the stabilized portfolio, contributions from newly completed developments, and ongoing lease-up activity.

Overall portfolio occupancy declined to 92.5% (March 31, 2025: 93.1%), primarily reflecting the expected lease-up profile of recently completed developments and repositioned assets. Stabilized occupancy remained strong at 96.1%, reflecting resilient rental demand across the Trust's core markets and the continued strength of the stabilized operating portfolio.

NOI margins decreased slightly during the quarter, primarily reflecting temporary operating pressures associated with newly completed developments, lease-up activity, introductory leasing incentives, and seasonality. Management expects these pressures to reduce as recently completed developments continue progressing toward stabilization and occupancy matures.

The table below summarizes the Trust's trailing twelve-month same-store operating metrics:

Period	Q1 2026	Q1 2025	Change
Total Operating Revenue	\$384,142,000	\$373,078,000	2.97%
Total NOI	\$242,082,000	\$240,802,000	0.53%
NOI Ratio	63.02%	64.54%	(1.53)%
Average Rent/unit as per End of Period Rent Roll	\$1,622	\$1,573	3.15%

For the three months ended March 31, 2026, NOI increased by 2.1% to \$64.2 million, supported by rental rate growth, operating efficiencies, and contributions from recently stabilized developments. Trailing twelve-month NOI margin as at March 31, 2026 was 63.02%, compared to 64.54% in the prior year period. The modest decline primarily reflects temporary cost pressures associated with onboarding and stabilizing newly completed developments, which are expected to improve as occupancy and operating efficiencies continue to normalize.

Stabilized Same Store Canadian apartment and student rents increased by 2.23% and 7.87%, respectively, supported by resilient market fundamentals, constrained rental supply, and targeted repositioning initiatives. Continued rental growth across both portfolios reflects the Trust's ability to maintain strong occupancy, capture embedded rental upside, and proactively manage pricing strategies in response to local market conditions.

Total Capital Expenditures and Development costs increased to \$9.0 million and \$23.0 million, respectively, during the three months ended March 31, 2026, compared to \$5.2 million and \$12.7 million, respectively, for the same prior year period. Investments during the quarter remained focused on planned upgrades, unit modernization, lifecycle renewals, and active development projects intended to support long-term revenue generation potential, enhance portfolio quality, and reduce future maintenance volatility.

# Q1 2026 OPERATING RESULTS

Rent-to-Market Gap represents the difference between current rental income and estimated achievable market rents. As at March 31, 2026, the Trust's Rent-to-Market Gap increased modestly to \$31.1 million (5.95%), compared to \$31.0 million in the previous quarter. The increase reflects continued market rent growth across the portfolio, partially offset by the realization of embedded rental upside through ongoing rent-marking initiatives and suite turnover. As recently repositioned and newly completed units continue progressing toward stabilization, Management expects the Rent-to-Market opportunity to remain a meaningful contributor to future revenue growth.

The following table summarizes the quarterly movement in the Trust's Rent-to-Market Gap:

CAD + USD REIT (Currency: CAD)*	
Q4 2025 Rent-to-Market Gap	31,079,224
Market Rent Growth in Q1 2026	954,656
Realizations in Rent Growth	(1,267,595)
Rent-to-Market Gap - New Acquisitions	350,844
Q1 2026 Rent-to-Market Gap	31,117,129

\*All numbers are annualized

**Gap to Market**

## Centurion Outlook

As rental growth moderates toward more normalized levels, long-term success across the multifamily sector will increasingly depend on operational efficiency, scale, disciplined capital allocation, and resident experience. Centurion remains well positioned through its integrated operating platform, diversified portfolio, and long-term investment strategy.

The Trust's strategy continues to focus on four key priorities:

1. **Operational Excellence:** Maintain a resident-focused operating model supported by proactive property management, pricing optimization, leasing initiatives, and disciplined cost management. Continue investing in workforce development, technology, and operating infrastructure to support long-term efficiency and retention.
2. **Financial Resilience:** Maintain a disciplined capital structure, conservative leverage profile, and prudent liquidity management approach. Preserve operational flexibility while positioning the Trust to capitalize on strategic opportunities as market conditions evolve.
3. **Sustainability Leadership:** Advance investments in energy-efficient systems, environmental initiatives, and responsible development practices. Continue expanding sustainability-focused programs intended to improve long-term operating efficiency and asset quality.
4. **Strategic Portfolio Expansion:** Pursue selective acquisitions, development, and intensification opportunities within high-growth and supply-constrained rental markets. Continue investing in high-quality housing and operational initiatives aligned with evolving resident demand.

## Looking ahead

Despite ongoing macroeconomic and capital market headwinds, Canada's multifamily sector continues to demonstrate resilient long-term fundamentals supported by population growth, supply constraints, and sustained rental demand. As recently completed developments continue progressing through lease-up and stabilization, the Trust remains well positioned to strengthen cash flow generation, enhance operating performance, and deliver long-term value for Unitholders.

# PROPERTY METRICS

As at March 31, 2026, the Trust owned 160 properties. The charts below provide additional details of the property portfolio:

# NOI AND REVENUE GROWTH

**Annual NOI Growth Trend**

**Annual Revenue Growth  
(in millions)**

# MORTGAGE INVESTMENT STRATEGY

The Trust's lending portfolio has maintained a stable performance over the past five years, with management emphasizing on capital preservation, disciplined lending practices, and quality loan origination. While portfolio balances and interest income have moderated in recent years, this reflects a deliberate focus on prioritizing stronger opportunities in a competitive and evolving lending environment.

## Strategic Focus

Within the parameters set in the Investment Guidelines, the Trust makes mortgage investments on an opportunistic basis, with a primary objective of supporting the development of purpose-built rental and student housing projects that may represent potential future acquisition opportunities. Management believes that providing construction and development financing to experienced builders, often with purchase options upon project completion or stabilization, allows the Trust to earn income during construction while building a pipeline of high-quality assets for potential future ownership. This approach positions the Trust as both a source of stable income and a strategic avenue to expand the core real estate portfolio, while maintaining a diversified and risk-adjusted exposure consistent with its long-term investment objectives.

## Current Year Highlights

- Interest income of \$6.1 million, a decrease of 41.7% compared to Q1 2025, reflecting intentional portfolio downsizing and pay back of investments.
- Weighted average interest rate on mortgage investments was 12.6% in Q1 2026 from 9.6% in 2021.

**Interest Income  
(in thousands)**

## Five-Year Performance

**Portfolio Balance:** The lending portfolio has decreased from \$326.6 million in 2021 to \$247.4 million in Q1 2026 as the Trust selectively deployed capital into fewer but higher-quality loans. This approach reduces risk exposure while ensuring the portfolio remains well-positioned in a shifting market.

# MORTGAGE INVESTMENT STRATEGY

**Income Trends:** Annual interest income declined from \$46.6 million in 2021 to \$31.2 million in Q1 2026, in line with the smaller portfolio size. Despite lower volumes, newly originated loans continued to demonstrate strong credit fundamentals and attractive spreads. **Credit Quality:** The portfolio’s credit quality has remained strong, with provision for expected credit losses averaging \$1.5 million over the five-year period and no material realized losses.

## Outlook

The Trust will continue to emphasize disciplined growth, focusing on originating quality loans in segments where risk-adjusted returns are most attractive. While near-term income may be moderated by selective deployment, this approach positions the portfolio for resilience and long-term stability in a dynamic interest rate and housing market environment.

# CAPITAL STRUCTURE

The Trust is limited in its Declaration of Trust to a leverage ratio of up to 55% of total assets or 75% of the value of any individual investment property, or 85% of the value of a development property. This is comparable to most of its multi-residential peers and would generally be considered very conservative in the multi-residential space. Leverage is at approximately 46.54% of total assets as at March 31, 2026.

## REIT Capital Structure

(expressed in thousands of Canadian dollars)

	March 31, 2026	December 31, 2025
Mortgages payable and Credit Facilities at Fair Value	\$ 3,330,497	\$ 3,346,095
Net assets Attributable to Unitholders	\$ 3,561,147	\$ 3,567,962
<b>Total</b>	<b>6,891,644</b>	<b>6,914,057</b>

## Ratio of Debt to GBV

(expressed in thousands of Canadian dollars)

Total Unrestricted Assets	\$ 7,156,898	\$ 7,172,468
<b>Ratio of Debt at Fair Value to GBV<sup>(1)</sup></b>	<b>46.54 %</b>	<b>46.65 %</b>

(1) Gross Book Value excludes equity accounted investments reclassified as investment property; ratio is based on consolidated statement of financial position.

Our debt strategy is to stagger mortgage maturities across multiple lenders and dates. The mortgage liabilities associated with the property portfolio had a weighted-average interest rate of 3.29% (3.29% as at December 31, 2025). The weighted-average term-to-maturity is 5.03 years as at March 31, 2026 (5.04 years as at December 31, 2025). The Trust's debt schedule as disclosed in Note 9 of the unaudited condensed consolidated interim financial statements (see Appendix "E") is summarized below.

Mortgages payable at March 31, 2026 are due as follows:

<i>(expressed in thousands of Canadian dollars)</i>	Principal Repayments	Remaining Balance	Total
Period ended March 31, 2027	\$ 113,696	\$ 60,272	173,968
Period ended March 31, 2028	\$ 154,782	\$ 12,887	167,669
Period ended March 31, 2029	\$ 226,864	\$ 43,567	270,431
Period ended March 31, 2030	\$ 214,772	\$ 135,072	349,844

# “FFO” AND “NFFO”

## Funds From Operations and Normalized Funds From Operations

Centurion Apartment REIT delivered stable operating performance for the three months ended March 31, 2026, reflecting the strength of its income-producing platform, resilient recurring cash flows, and disciplined execution of its long-term growth strategy. Results for the quarter continued to reflect the temporary impact of lease-up activity associated with recently completed developments transitioning toward stabilization and seasonality.

The following table summarizes the Trust’s FFO and NFFO performance for the three months ended and trailing twelve months ended March 31, 2026:

<i>(expressed in thousands of Canadian dollars except per unit amounts)</i>	Three Months Ending		Trailing 12-Months	
	2026	2025	2026	2025
<b>Net Income and Comprehensive Income</b>	<b>\$13,491</b>	<b>\$52,020</b>	<b>\$11,524</b>	<b>\$147,778</b>
Less: FV adjustments	(641)	(35,296)	39,379	(82,624)
Less: Allowance for expected credit losses	(5)	(137)	2,068	4,021
Plus: Asset management fee	9,979	11,717	43,556	45,393
Plus: Realized gains on sale of Investment Properties	—	—	16,694	9,657
Plus: Amortizations and depreciation	1,821	1,540	7,271	6,004
Plus: Trailer fees & capital raising costs	5,025	5,225	18,130	16,681
Less: Deferred income tax recovery (expense)	434	124	308	(1,528)
<b>FFO (Funds From Operations)</b>	<b>\$30,104</b>	<b>\$35,193</b>	<b>\$138,930</b>	<b>\$145,382</b>
Plus: Unlevered cash	836	927	3,920	4,133
Plus: Rent-to-Market gap	7,779	8,989	29,859	36,640
Plus: One-time non-recurring expenses	873	405	4,648	1,259
Plus: Vacancy and Stabilization	7,288	5,912	57,187	39,327
Less: Non-recurring realized gains on sale of Investment Properties	—	—	(16,694)	(9,657)
<b>NFFO (Normalized Funds From Operations)</b>	<b>\$46,880</b>	<b>\$51,426</b>	<b>\$217,850</b>	<b>\$217,084</b>
Average Number of Outstanding Units	179,191,562	177,776,610	179,478,222	179,167,058
<b>Per Unit Statistics (Per Adjusted Number of Outstanding Units)</b>				
Net Income and Comprehensive Income	0.08	0.29	0.06	0.82
FFO	0.17	0.22	0.77	0.81
NFFO	0.26	0.30	1.21	1.21

### Summary of the trailing twelve months FFO and NFFO performance:

- FFO totaled \$138.7 million, a decrease of 4.4% from the prior year period, primarily reflecting temporary lease-up vacancy, introductory leasing incentives associated with newly completed developments, and incremental investments in internal operating capacity.
- NFFO reached \$217.6 million, an increase of 0.4%, consistent with the prior year period, supported by stable operating performance within the stabilized portfolio and continued embedded rental growth.
- FFO per unit was \$0.77, and NFFO per unit remained stable at \$1.21, demonstrating resilient recurring cash flow generation on a per-unit basis.

Performance during the quarter continued to benefit from rental rate growth, stable occupancy within the stabilized portfolio, and ongoing operating efficiencies. The Trust also retains meaningful embedded revenue upside through its estimated \$31.1 million Rent-to-Market Gap, which is expected to support future NOI and cash flow growth as market rents continue to reset through turnover activity.

# “FFO” AND “NFFO”

## Funds From Operations and Normalized Funds From Operations

FFO for the three months ended March 31, 2026 declined modestly compared to the same prior year period, primarily due to temporary lease-up impacts associated with recently completed developments, including higher short-term vacancy, introductory leasing incentives, and incremental operating costs incurred during the stabilization phase.

NFFO per unit declined modestly compared to the same prior year period, primarily reflecting increased vacancy and stabilization adjustments associated with newly completed developments progressing toward stabilized occupancy. These impacts are consistent with the Trust’s long-term growth strategy and are expected to moderate as occupancy levels mature and operating efficiencies normalize.

Recently completed developments continue progressing through lease-up as expected and are increasingly contributing to NOI and earnings growth. While these assets temporarily impact consolidated FFO and NFFO performance during stabilization, they remain an important source of future income and cash flow expansion.

In parallel, investments in technology, operating infrastructure, and internal operating capacity made over the past two years are beginning to generate efficiency improvements, supporting long-term margin enhancement and improved operational scalability.

Distributions continue to be supported by stable recurring cash flow generation, and the Trust maintained liquidity of approximately \$110.7 million as at May 19, 2026. This liquidity position provides flexibility to support lease-up initiatives, fund capital investment programs, and pursue selective investment opportunities while maintaining a disciplined approach to capital allocation and balance sheet management.

Looking ahead, Management expects both FFO and NFFO to strengthen as recently completed developments continue progressing toward stabilization, embedded rental upside is realized, and operating efficiencies continue to improve. Supported by a diversified, high-quality portfolio and resilient multifamily market fundamentals, the Trust remains well positioned to translate recent investments into sustained long-term income growth through the remainder of 2026 and beyond.

**Notes:**

1 "Apt" is short for Apartment and "SH" is short for Student Housing.

2 "Suites" means a rental suite, irrespective of the number of bedrooms or rental units in that suite. E.g., a 3-bedroom apartment that rents as a whole would be considered a single suite.

# APPENDIX A

## Summary Information About The Properties

3 "Rental Units" adjusts for the number of student tenants renting individual units inside a suite. For example, a 5-bedroom student unit, would show as 1 suite, but 5 rental units as there may be 5 separate leases, each pertaining to a bed. This distinction only applies to properties classified as Student Residences. Thus, an apartment that had a 2-bedroom suite that had roommates sharing the apartment and was not classified as a "student residence" would be 1 Suite and 1 Rental Unit only. We make no distinction in "Rental Units" between individual leases on bedrooms and multi-tenant leases with all residents in the suite on a single lease (the two forms of lease in the student rental business).

4 "Undiluted" means that the number doesn't factor in any portion of the building that may be owned by partners. E.g., a 100-suite building owned 50/50 with a partner would show above as 100 suites on an undiluted basis and 50 suites on a diluted basis.

5 "Diluted" means that portions of the property owned by partners has been subtracted from the total. E.g., a 100-suite building owned with a partner would show above as 50 diluted suites.

## Management Summary Information of the Lending Portfolio

Centurion Apartment REIT, within the parameters set in the Investment Guidelines makes investments in mortgages on an opportunistic basis. The primary focus of the mortgage investment program is to (where possible) create potential future acquisition opportunities for the REIT. As the Asset Manager currently believes that there are opportunities in new construction rental apartments and student properties, the Asset Manager has been sourcing mortgage investment opportunities for the REIT where the REIT may be granted purchase options upon the completion and/or stabilization of the properties. The Asset Manager believes that providing funding to apartment developers and securing related purchase options (where possible) positions Centurion Apartment REIT to earn income during construction and to build a future acquisition pipeline. In addition to apartment and student housing development mortgages, the REIT has also made other mortgage investments consistent with the Investment Guidelines to further diversify the portfolio.

The market conditions for mortgage investments are reasonably favorable. Conventional lenders remain somewhat cautious but active and there are constraints on the availability of development funding for both multi-unit residential and student housing, which are the REIT's key markets. Developers are attracted to the REIT to assist with construction financing particularly outside of the Greater Toronto Area, given the REIT's unique market position to finance the construction, providing rental market experience and being a potential end purchaser of the completed product.

The traditional sources of real estate mortgage financing include Schedule I and II Banks, trust companies, insurance companies and pension funds (collectively, "Institutional Lenders"). The larger Institutional Lenders in Canada are generally focused on mortgage loans that comply with the often-restrictive lending criteria established by the Canadian banks. These criteria became much more restrictive after the 2008 credit crisis, resulting in a pullback by traditional lending sources from the mortgage market in general and in particular the commercial mortgage market. Due to the focus of large financial institutions on limited types of mortgage loans and increasingly conservative loan exposure levels, quality lending opportunities exist in some segments of the mortgage market at premium interest rates secured by high quality mortgage loans. Below are the areas of focus for Centurion Apartment REIT in the mortgage market.

### **Construction loans for purpose-built rental apartments and student housing buildings:**

Mortgage financing to support the construction of purpose-built rental apartments and student housing buildings is provided on a strictly limited basis by only a few large financial institutions, primarily a few of the Schedule I and Schedule II Banks and some trust companies. Despite vacancy rates upon completion and stabilization for these types of projects remaining extremely low, these lending institutions are very conservative and limited in the amount of financing they will provide. This allows Centurion Apartment REIT to potentially find abundant lending opportunities on high quality projects, typically structured as either first or second mortgages, in particular for those projects which Centurion Apartment REIT may have an interest in acquiring upon completion. The loan exposure levels provided by the Company are typically well within the price point at which Centurion Apartment REIT would be interested in acquiring the completed projects.

Multi-Family Residential, Investment Properties and Commercial Mortgage lending in the income-producing investment property market is dominated by a few large Institutional Lenders. These institutions tend to be more conservative and focus only on the highest quality of income-producing properties owned by large real estate investors. As a result, Centurion Apartment REIT can find attractive lending opportunities providing first and second mortgage financing on other income-producing properties and owners, including attractive lending opportunities on purpose-built multi-family rental and student housing.

### **Developer and Builder Pre-Construction Loans:**

Builders and developers require loans to acquire land to build low-rise and high-rise developments. The Institutional Lenders lend on a very limited basis on land, presenting potentially attractive lending opportunities to Centurion Apartment REIT.

### **Mezzanine and Subordinated Debt Financing:**

Mezzanine or subordinated debt financing for residential and commercial development projects is highly fragmented. Institutional Lenders typically do not provide this type of specialized financing for developers, and the capital providers are typically small private entities with limited access to capital. Given the lack of participation from the larger financial institutions, there is less competition in this market segment, which provides Centurion Apartment REIT with opportunities to underwrite well-structured, secure mortgage loans with attractive pricing.

9525 King George Blvd (Medical Office & Retail)	Surrey, BC	—	74,978	69%	2030
<b>TOTAL</b>		<b>1,546</b>	<b>85,545</b>		

There are certain risk factors inherent in an investment in the REIT Units and in the activities of Centurion Apartment REIT, including the following, which Subscribers should carefully consider before subscribing for the REIT Units.

### **Real Property Ownership**

All real property investments are subject to elements of risk. Such investments are affected by general economic conditions, local real estate markets, demand for multi-unit residential premises, competition from other available residential premises and various other factors.

Certain significant expenditures, including property taxes, capital repair and replacement costs, maintenance costs, mortgage payments, insurance costs and related charges must be made throughout the period of ownership of real property regardless of whether the property is producing any income. If Centurion Apartment REIT is unable to meet mortgage payments on any property, losses could be sustained as a result of the mortgagee's exercise of its rights of foreclosure or sale.

Real property investments tend to be relatively illiquid, with the degree of liquidity generally fluctuating in relation to demand for and the perceived desirability of such investments. Such illiquidity may tend to limit Centurion Apartment REIT's ability to vary its portfolio promptly in response to changing economic or investment conditions. If Centurion Apartment REIT was required to liquidate its real property investments, the proceeds to Centurion Apartment REIT might be significantly less than the aggregate value of its properties on a going-concern basis.

Centurion Apartment REIT will be subject to the risks associated with debt financing, including the risk that existing mortgage indebtedness secured by the Properties will not be able to be refinanced or that the terms of such refinancing will not be as favourable as the terms of existing indebtedness.

### **Development Risks**

Centurion Apartment REIT may, directly or indirectly, invest in real estate development projects. Any existing or future development investments of the REIT will entail certain risks, including the expenditure of funds on and devotion of management's time to evaluating projects that may not come to fruition; the risk that development costs of a project may exceed original estimates, possibly making the project uneconomical; the risk of construction overrun or other unforeseeable delays, during which the interest rate and leasing risk may fluctuate; the risk that occupancy rates and rents at a completed project will be less than anticipated or that there will be vacant space at the project; the risk that expenses at a completed development will be higher than anticipated; and the risk that permits and other governmental approvals will not be obtained. In addition, the REIT's future real estate development investments may require a significant investment of capital. The REIT may be required to obtain funds for its capital expenditures and operating activities, if any, through cash flow from operations, property sales or financings. If the REIT is unable to obtain such funds, it may have to defer or otherwise limit certain development activities.

### **Future Property Acquisitions**

While Centurion Apartment REIT may enter into non-binding letters of intent with respect to properties under review, there can be no assurance that such properties will be acquired. Accordingly, there can be no assurance that Centurion Apartment REIT will be able to acquire Properties at the rates of return that the Asset Manager is targeting. No forecast has been made for the acquisition of properties under review.

### **Revenue Producing Properties**

The Properties generate income through rental payments made by the tenants thereof. Upon the expiry of any lease, there can be no assurance that such lease will be renewed or the tenant replaced. The terms of any subsequent lease may be less favorable to Centurion Apartment REIT than the existing lease. Unlike commercial leases which generally are “net” leases and allow a landlord to recover expenditures, residential leases are generally “gross” leases, and the landlord is not able to pass on costs to its tenants.

### **No Guarantees or Insurance on Mortgage Investments**

A Mortgage borrower’s obligations to the Centurion Apartment REIT or any other person are not guaranteed by the Government of Canada, the government of any province or any agency thereof nor are they insured under the National Housing Act (Canada). In the event that additional security is given by the borrower or a third party or that a private guarantor guarantees the Mortgage borrower’s obligations, there is no assurance that such additional security or guarantee will be available or sufficient to make Centurion Apartment REIT whole if and when resort is to be had thereto.

### **Risks Related to Mortgage Extensions and Mortgage Defaults**

The Asset Manager may from time to time deem it appropriate to extend or renew the term of a Mortgage past its maturity, or to accrue the interest on a Mortgage, in order to provide the borrower with increased repayment flexibility. The Asset Manager generally will do so if it believes that there is a very low risk to Centurion Apartment REIT of not being repaid the full principal and interest owing on the Mortgage. In these circumstances, however, Centurion Apartment REIT is subject to the risk that the principal and/or accrued interest of such Mortgage may not be repaid in a timely manner or at all, which could impact the cash flows of Centurion Apartment REIT during and after the period in which it is granting this accommodation. Further, in the event that the valuation of the asset has fluctuated substantially due to market conditions, there is a risk that Centurion Apartment REIT may not recover all or substantially all of the principal and interest owed to it in respect of such Mortgage.

When a Mortgage is extended past its maturity, the loan can either be held over on a month-to-month basis or renewed for an additional term at the time of its maturity. Notwithstanding any such extension or renewal, if the borrower subsequently defaults under any terms of the loan, the Mortgage Servicer has the ability to exercise its Mortgage enforcement remedies in respect of the extended or renewed Mortgage. Exercising Mortgage enforcement remedies is a process that requires a significant amount of time to complete, which could adversely impact the cash flows of Centurion Apartment REIT during the period of enforcement. In addition, as a result of potential declines in Real Property values, the priority ranking of the Mortgage and other factors, there is no assurance that Centurion Apartment REIT will be able to recover all or substantially all of the outstanding principal and interest owed to it in respect of such Mortgages by the Mortgage Service Provider’s exercise of Mortgage enforcement remedies for the benefit of Centurion Apartment REIT. Should Centurion Apartment REIT be unable to recover all or substantially all of the principal and interest owed to it in respect of such Mortgage loans, the assets of Centurion Apartment REIT would be reduced, and the returns, financial condition and results of operations of Centurion Apartment REIT could be adversely impacted.

### **Foreclosure or Power of Sale and Related Costs on Mortgage Investments**

One or more borrowers could fail to make payments according to the terms of their loan, and Centurion Apartment REIT could therefore be forced to exercise its rights as mortgagee. The recovery of a portion of Centurion Apartment

REITs assets may not be possible for an extended period of time during this process and there are circumstances where there may be complications in the enforcement of Centurion Apartments REIT's rights as mortgagee. Legal fees and expenses and other costs incurred by Centurion Apartment REIT in enforcing its rights as mortgagee against a defaulting borrower are usually recoverable from the borrower directly or through the sale of the mortgaged property by power of sale or otherwise, although there is no assurance that they will actually be recovered. In the event that these expenses are not recoverable they will be borne by Centurion Apartment REIT.

Furthermore, certain significant expenditures, including property taxes, capital repair and replacement costs, maintenance costs, Mortgage payments to prior charge holders, insurance costs and related charges must be made through the period of ownership of real property regardless of whether Mortgage payments are being made. Centurion Apartment REIT may therefore be required to incur such expenditures to protect its investment, even if the borrower is not honouring its contractual obligations.

### **Litigation Risks**

Centurion Apartment REIT may, from time to time, become involved in legal proceedings in the course of its business. The costs of litigation and settlement can be substantial and there is no assurance that such costs will be recovered in whole or at all. During litigation involving a borrower in respect of a Mortgage, Centurion Apartment REIT may not be receiving payments of interest on a Mortgage that is the subject of litigation, thereby impacting cash flows. The unfavorable resolution of any legal proceedings could have an adverse effect on the Centurion Apartment REIT and its financial position and results of operations that could be material.

### **Competition for Real Property Investments**

Centurion Apartment REIT competes for suitable real property investments with individuals, corporations and institutions (both Canadian and foreign) and other real estate investment trusts which are presently seeking, or which may seek in the future, real property investments similar to those desired by Centurion Apartment REIT. A number of these investors may have greater financial resources than those of Centurion Apartment REIT or operate without the investment or operating guidelines of Centurion Apartment REIT or according to more flexible conditions. An increase in the availability of investment funds, and an increase in interest in real property investments, may tend to increase competition for real property investments, thereby increasing purchase prices and/or reducing the yield on them.

### **Competition for Tenants**

The real estate business is competitive. Numerous other developers, managers and owners of properties compete with Centurion Apartment REIT in seeking tenants. The existence of competing developers, managers and owners for Centurion Apartment REIT's tenants could have an adverse effect on Centurion Apartment REIT's ability to lease suites in its properties and on the rents charged.

### **Interest Rates**

It is anticipated that the market price for the REIT Units at any given time may be affected by the level of interest rates prevailing at that time. A rise in interest rates may have a negative effect on the market price of the REIT Units. A decrease in interest rates may encourage tenants to purchase condominiums or other types of housing, which could result in a reduction in demand for rental properties. Changes in interest rates may also have effects on vacancy rates, rent levels, refurbishing costs and other factors affecting Centurion Apartment REIT's business and profitability.

### **Debt Financing**

Centurion Apartment REIT is subject to the risks associated with debt financing, including the risk that Centurion Apartment REIT may be unable to make interest or principal payments or meet loan covenants, the risk that defaults under a loan could result in cross defaults or other lender rights or remedies under other loans, and the risk that existing indebtedness may not be able to be refinanced or that the terms of such refinancing may not be as favourable as the terms of existing indebtedness. A portion of Centurion's Acquisition and Operating Facilities are at floating interest rates, and accordingly, changes in short-term borrowing will affect Centurion Apartment REIT's costs of borrowing.

### **General Economic and Political Conditions**

Centurion Apartment REIT is affected by general economic conditions, local real estate markets, competition from other available rental premises, including new developments, and various other factors. The competition for tenants also comes from opportunities for individual home ownership, including condominiums, which can be particularly attractive when home mortgage loans are available at relatively low interest rates. The existence of competing developers, managers and owners for Centurion Apartment REIT's tenants could have an adverse effect on Centurion Apartment REIT's ability to lease suites in its properties and on the rents charged, increased leasing and marketing costs and increased refurbishing costs necessary to lease and re-lease suites, all of which could adversely affect Centurion Apartment REIT's revenues and, consequently, its ability to meet its obligations. In addition, any increase in the supply of available space in the markets in which Centurion Apartment REIT operates or may operate could have an adverse effect on Centurion Apartment REIT.

The success of the Trust's activities may also be affected by other general economic and market conditions, such as interest rates, availability of credit, inflation rates, economic uncertainty, changes in laws, and national and international political circumstances including wars, public health crises, such as epidemics and pandemics, natural disasters, terrorist acts or security operations. The macroeconomic environment is complex stemming from the evolving COVID-19 pandemic, characterized with high headline inflation, supply chain pressures, social unrest, and uncertainty over the pace and timing of future central bank rate hikes.

### **General Uninsured Losses**

Centurion Apartment REIT carries comprehensive general liability, fire, flood, extended coverage, rental loss and pollution insurance with policy specifications, limits and deductibles customarily carried for similar properties. There are, however, certain types of risks (generally of a catastrophic nature such as from wars) which are either uninsurable or not insurable on an economically viable basis. Centurion Apartment REIT has insurance for earthquake risks, subject to certain policy limits, deductibles, and self-insurance arrangements, and will continue to carry such insurance if economical to do so. Should an uninsured or underinsured loss occur, Centurion Apartment REIT could lose its investment in, and anticipated profits and cash flows from, one or more of its Properties, but Centurion Apartment REIT would continue to be obligated to repay any recourse mortgage indebtedness on such Properties.

### **Availability of Cash for Distributions**

Distributable income is calculated before deducting items such as principal repayments and capital expenditures and, accordingly, may exceed actual cash available to Centurion Apartment REIT from time to time. Centurion Apartment REIT may be required to use part of its debt capacity or raise additional equity in order to accommodate such items, and there can be no assurance that funds from such sources will be available on favourable terms or at all. In such

circumstances, distributions may be reduced or suspended, which may therefore also have an adverse impact on the market price of the REIT Units. Accordingly, cash distributions are not guaranteed and cannot be assured. Further, Distributable Income can exceed net income and have the result of an erosion of Adjusted Unitholder's Equity. See "Distribution Policy".

Distributable Income is calculated in accordance with Centurion Apartment REIT's Declaration of Trust. Distributable Income is not a measure recognized under Canadian generally accepted accounting principles and does not have a standardized meaning prescribed by IFRS. Distributable income is presented herein because management of Centurion Apartment REIT believes this non-IFRS measure is a relevant measure of the ability of Centurion Apartment REIT to earn and distribute cash returns to REIT Unitholders. Distributable Income as computed by Centurion Apartment REIT may differ from similar computations as reported by other similar organizations and, accordingly, may not be comparable to distributable income as reported by such organizations. Distributable income is calculated by reference to the net income of Centurion Apartment REIT on a consolidated basis, as determined in accordance with IFRS, subject to certain adjustments as set out in the constating documents of Centurion Apartment REIT.

### **Government Regulation**

Centurion Apartment REIT currently has interests in properties located in the provinces of Ontario and Quebec. The nature of apartment construction and operation is such that refurbishment and structural repairs are required periodically, in addition to regular ongoing maintenance. In addition, legislation relating to, among other things, environmental and fire safety standards is continually evolving, and changes thereto may give rise to ongoing financial and other obligations of Centurion Apartment REIT, the costs of which may not be fully recoverable from tenants.

Multi-unit residential rental properties are subject to rent control legislation in most provinces in Canada. Each province in which the Trust operates maintains distinct regulations with respect to tenants' and landlords' rights and obligations. The legislation in various degrees provides restrictions on the ability of a landlord to increase rents above an annually prescribed guideline or require the landlord to give tenants sufficient notice prior to an increase in rent or restricts the frequency of rent increases permitted during the year. The annual rent increase guidelines as per applicable legislation attempts to link the annual rent increases to some measure of changes in the cost-of-living index over the previous year. The legislation also, in most cases, provides for a mechanism to ensure rents can be increased above the guideline increases for extraordinary costs. As a result of rent controls, the Trust may incur property capital investments in the future that will not be fully recoverable from rents charged to the tenants. Applicable legislation may be further amended in a manner that may adversely affect the ability of the Trust to maintain the historical level of cash flow from its properties. In addition, applicable legislation provides for compliance with several regulatory matters involving tenant evictions, work orders, health and safety issues, fire and maintenance standards, etc.

### **Environmental Matters**

Environmental and ecological legislation and policies have become increasingly important, and generally restrictive. Under various laws, Centurion Apartment REIT could become liable for the costs of removal or remediation of certain hazardous or toxic substances released on or in its properties or disposed of at other locations. The failure to remove or remediate such substances, if any, may adversely affect an owner's ability to sell such real estate or to borrow using such real estate as collateral, and could potentially also result in claims against the owner by private plaintiffs. Where a property is purchased and new financing is obtained, Phase I Environmental Assessments are performed by an independent and experienced environmental consultant. In the case of mortgage assumption, the vendor will be asked to provide a satisfactory Phase I and/or Phase II Environmental Assessment that the Asset Manager will rely upon and/or determine whether an update is necessary.

### **Unitholder Liability**

The Declaration of Trust provides that no Unitholder will be subject to any liability whatsoever to any person in connection with the holding of a Unit. In addition, legislation has been enacted in the Province of Ontario and certain other provinces and territories that is intended to provide Unitholders in those provinces and territories with limited liability. However because of uncertainties in the law relating to investment trusts, there is a risk, which is considered by counsel to be remote in the circumstance, that a REIT Unitholder could be held personally liable for obligations of Centurion Apartment REIT (to the extent that claims are not satisfied by Centurion Apartment REIT) in respect of contracts which Centurion Apartment REIT enters into and for certain liabilities arising other than out of contracts including claims in tort, claims for taxes and possibly certain other statutory liabilities. The Trustees intend to cause Centurion Apartment REIT's operations to be conducted in such a way as to minimize any such risk including by obtaining appropriate insurance and, where feasible, attempting to have every material written contract or commitment of Centurion Apartment REIT contain an express disavowal of liability against Unitholders.

### **Dependence on Key Personnel**

In assessing the risk of an investment in the Units offered hereby, potential investors should be aware that they will be relying on the good faith, experience and judgment of the directors and officers of the Asset Manager to manage the business and affairs of the Trust. The management of the Trust depends on the services of certain key personnel. The termination of employment by the Asset Manager or the Property Manager of any of these key personnel could have a materially adverse effect on the Trust.

There is no guarantee that the directors and officers of the Asset Manager or the Board of Trustees will remain unchanged. It is contemplated that the directors, officers and employees of the Asset Manager will devote to the Trust's affairs only such time as may be reasonably necessary to conduct its business.

### **Cyber-Security**

The Trust maintains confidential information regarding its tenants, borrowers, business plans, strategy and potential origination opportunities in its computer systems. The Trust also maintains an Internet website. Despite the implementation of network security measures, this infrastructure may be subject to physical break-ins, computer viruses, malware, programming errors, cyber-attacks by third parties (such as ransomware) and other similar disruptions. A security breach of computer systems could disrupt operations, damage reputation, result in legal or regulatory liability, and/or have a material adverse effect on the Trust. If the Trust's network security is penetrated or its sensitive data is misappropriated, the Trust could be subject to liability or its business could be interrupted, and any of these developments could have a material adverse effect on the Trust's business, results of operations and financial condition. Since the start of the COVID-19 pandemic, the Trust's operations have been largely conducted remotely, which may impact the physical security of the Trust's devices, and create an increased risk of unauthorized access to, or disclosure of, confidential and personal information. Cyber-security risk has increased since the onset of the COVID-19 pandemic through various forms of attacks, such as phishing emails. The Trust expects to continue with a hybrid work environment following the pandemic.

### **Failure or Unavailability of Computer and Data Processing Systems and Software**

The REIT is dependent upon the successful and uninterrupted functioning of its computer and data processing systems and software. The failure or unavailability of these systems could interrupt operations or materially impact the REIT's ability to collect revenues and make payments. If sustained or repeated, a system failure or loss of data could

negatively and materially adversely affect the ability of the REIT to discharge its duties and the impact on Centurion Apartment REIT may be material.

### **Potential Conflicts of Interest**

Centurion Apartment REIT may be subject to various conflicts of interest because of the fact that the Trustees and senior officers of Centurion Apartment REIT, the Asset Manager, the Mortgage Manager and the Mortgage Servicer are engaged in a wide range of real estate and other business activities. Centurion Apartment REIT may become involved in transactions which conflict with the interests of the foregoing. The Trustees may from time-to-time deal with persons, firms, institutions, or corporations with which Centurion Apartment REIT may be dealing, or which may be seeking investments similar to those desired by Centurion Apartment REIT. The interests of these persons could conflict with those of Centurion Apartment REIT. In addition, from time to time, these persons may be competing with Centurion Apartment REIT for available investment opportunities.

The Asset Manager, the Mortgage Manager, and the Mortgage Servicer (collectively, the “**Service Providers**”) are not owned by Centurion Apartment REIT. Employees of Asset Manger serve as senior management of Centurion Apartment REIT. This could create conflicts of interest between the Asset Manager, the Mortgage Manager and the Mortgage Servicer and Centurion Apartment REIT.

Additionally, the Warehouse Agreement between the Trust, and Centurion Financial Trust and the arrangements thereunder may give rise to certain conflicts of interest, including with respect to (i) any Property Purchase Options or Property Offer Options (and the valuation and transfer thereof), (ii) the valuation and transfer of Warehoused Mortgages and/or Warehoused Other Investments between the Trust and Centurion Apartment REIT and (iii) the allocation of risk as between the Trust and Centurion Apartment REIT. The Asset Manager will follow procedures established by the Board of Trustees that are designed to ensure an appropriate allocation of risk under the Warehouse Agreement and related arrangements.

***Centurion Apartment REIT is a connected issuer, and may be considered to be a related issuer, of Centurion Asset Management Inc. (the “Asset Manager”), its asset manager and an exempt market dealer, investment fund manager, and restricted portfolio manager in certain jurisdictions, in connection with the distribution of the REIT’s securities hereunder, which may result in potential conflicts of interest. Centurion Apartment REIT is a connected issuer of the Asset Manager due to the factors described in this Offering Memorandum under “Relationship between Centurion Apartment REIT, The Asset Manager and Affiliates of The Asset Manager” as a result of the fact that the President of Centurion Apartment REIT and the Asset Manager are the same and Mr. Gregory Romundt indirectly owns all of the shares of the Asset Manager, the Mortgage Manager and the Mortgage Servicer. Centurion Apartment REIT may be considered to be a related issuer of the Asset Manager by virtue of the Asset Manager’s right to appoint a prescribed number of nominees to the board of trustees of Centurion Apartment REIT.***

The Centurion Apartment REIT Declaration of Trust contains “conflict of interest” provisions requiring Trustees to disclose material interests in Material Contracts and transactions and to refrain from voting thereon.

### **Allocation of Investment Opportunities**

There may be instances in which Centurion Apartment REIT and CFIT have an interest in the same investment opportunity. For example, Centurion Apartment REIT may invest in long term real-estate properties and CFIT may from time to time invest in Mortgage Assets. In the event that Centurion Apartment REIT and CFIT are interested in

pursuing the same investment opportunity, the Asset Manager will seek to allocate investment opportunities on a basis which it determines to be fair and reasonable. However, there is no requirement that the Asset Manager allocate investment opportunities on a pro-rata basis among Centurion Apartment REIT and CFIT. Additionally, there may be situations where an investment opportunity is allocated to CFIT despite Centurion Apartment REIT having an interest in such an investment opportunity.

### **Tax-Related Risks**

There can be no assurance that income tax laws and the treatment of mutual fund trusts will not be changed in a manner which adversely affects Centurion Apartment REIT or the Unitholders.

If Centurion Apartment REIT fails or ceases to qualify as a mutual fund trust for the purposes of the Tax Act, the tax consequences described under “Canadian Federal Income Tax Considerations” and “Eligibility for Investment” would in some respects be materially and adversely different. In addition, REIT Unitholders may become subject to provincial taxes, such as Ontario Land Transfer Tax, in respect of their REIT Units.

If investments in Centurion Apartment REIT become publicly listed or traded, there can be no assurances that Centurion Apartment REIT will not be subject to the SIFT Rules, as described under “Canadian Federal Income Tax Considerations – SIFT Rules”, at that time. Centurion Apartment REIT or its subsidiaries may be reassessed for taxes from time to time. Such reassessments together with associated interest and penalties could adversely affect Centurion Apartment REIT.

The Tax Act contains loss restriction rules that could result in unintended tax consequences for unitholders, including an unscheduled allocation of income or capital gains that must be included in a unitholder’s income for Canadian income tax purposes. If Centurion Apartment REIT experiences a “loss restriction event”, it will: (i) be deemed to have a year-end for Canadian tax purposes whether or not Centurion Apartment REIT has losses (which would trigger an allocation of Centurion Apartment REIT’s net income and net realized capital gains to unitholders to ensure that Centurion Apartment REIT itself is not subject to tax on such amounts); and (ii) Centurion Apartment REIT will become subject to the Canadian loss restriction rules that generally apply to corporations, including a deemed realization of any unrealized capital losses and disallowance of its ability to carry forward capital losses. Generally, Centurion Apartment REIT will be subject to a loss restriction event if a person becomes a “majority-interest beneficiary”, or a group of persons becomes a “majority-interest group of beneficiaries”, of Centurion Apartment REIT, as those terms are defined in the affiliated persons rules contained in the Tax Act, with certain modifications. Generally, a majority-interest beneficiary of Centurion Apartment REIT is a beneficiary in the income or capital, as the case may be, of Centurion Apartment REIT who, together with the beneficial interests of persons and partnerships with whom the beneficiary is affiliated, has a fair market value that is greater than 50% of the fair market value of all the interests in the income or capital, as the case may be, of Centurion Apartment REIT. A loss restriction event could occur because a particular unitholder or an affiliate acquires REIT Units of Centurion Apartment REIT or because another person redeems REIT Units of Centurion Apartment REIT. Pursuant to paragraph 251.2(3)(f) of the Tax Act, Centurion Apartment REIT will not be subject to the loss restriction event rules where a person becomes a “majority-interest beneficiary” or group of persons becomes a “majority-interest group of beneficiaries” from the acquisition or disposition of units of Centurion Apartment REIT at any time if (i) Centurion Apartment REIT is an “investment fund” immediately before that time, and (ii) the acquisition or disposition, as the case may be, is not part of a series of transactions or events that includes Centurion Apartment REIT ceasing to be an “investment fund”. An “investment fund” generally includes a trust that is (i) a “mutual fund trust” throughout the period that begins the later of March 21, 2013 and the end of the calendar in which the trust is created, and (ii) at all times throughout the period that begins at the later of March 21, 2013 and the time of its creation, the trust (A) is resident in Canada, (B), all the beneficiaries under the trust hold fixed interests described by reference to units of the trust, (C) follows a reasonable policy of investment diversification, (D) limits its undertaking to the investing of its funds in property, (E) does not alone, or as

a member of a group of persons, control a corporation, and (F) does not hold certain property (as detailed in the Tax Act).

Under U.S. withholding tax and reporting requirements, commonly referred to as the Foreign Account Tax Compliance Act (“FATCA”), Centurion Apartment REIT is required to collect information from all of its Unitholders and directly or indirectly provide that information to the U.S. Internal Revenue Service (the “IRS”) in order to avoid a 30% U.S. withholding tax on the receipt of certain payments of : (1) U.S. source income (such as interest, dividends and other passive income) and (2) gross proceeds from the sale or disposition of property that can produce U.S. source interest or dividends made to Centurion Apartment REIT. To achieve the U.S. objectives of FATCA in a manner that is consistent with Canada’s privacy and other laws, Canada enacted Part XVIII (“Part XVIII”) of the Tax Act and signed an Intergovernmental Agreement with the U.S. for the Enhanced Exchange of Tax Information under the Canada-U.S. Tax Convention (the “Canada-U.S. IGA”) and accordingly, Centurion Apartment REIT is generally required to conduct due diligence regarding its Unitholders and (where applicable) their beneficial owners, and to annually report to the CRA certain information regarding their U.S. Unitholders, including information regarding their name, address, and Taxpayer Identification Number. The CRA has agreed to provide this information to the IRS. In addition, Canada has signed the Organisation for Economic Co-operation and Development (“OECD”) Multilateral Competent Authority Agreement and Common Reporting Standard (“CRS”). The CRS is a global model for the automatic exchange of information on certain financial accounts that is similar in many ways to FATCA. More than 95 countries, including Canada, have agreed to implement the CRS (referred to as “CRS participating countries”). Canada has enacted legislation under Part XIX (“Part XIX”) of the Tax Act, which requires the annual reporting of information to the CRA since May 2018. In addition, the CRA will then proceed to exchange information with those CRS participating countries with which Canada has a tax exchange agreement. Generally, the CRS will require Centurion Apartment REIT to identify the tax residency status of, and other information relating to, their REIT Unitholders who are resident for tax purposes in any country other than Canada or the U.S.

If a REIT Unitholder does not provide the information required to comply with these obligations under Part XVIII and/or Part XIX, as the case may be, the REIT Unitholder’s Units may be redeemed at the sole discretion of Centurion Apartment REIT without prior notice to such REIT Unitholder. Notwithstanding the foregoing, Centurion Apartment REIT’s due diligence and reporting obligations under FATCA and CRS will not apply with respect to the following type of accounts, namely: registered retirement savings plans, registered retirement income funds, pooled registered pension plans, registered pension plans, tax-free savings accounts, and deferred profit-sharing plans. If Centurion Apartment REIT fails to meet its obligations under Part XVIII and/or Part XIX, as the case may be, it may be subject to the offences and punishment of the Tax Act. The administrative costs arising from compliance with FATCA and CRS may cause an increase in the operating expenses of Centurion Apartment REIT or other underlying fund(s) in which Centurion Apartment REIT has invested, directly or indirectly, thereby reducing returns to REIT Unitholders. Investors should consult their own tax advisors regarding the possible implications of FATCA, Part XVIII, the Canada-U.S. IGA and CRS and Part XIX on their investment and the entities through which they hold their investment.

### **Critical Estimates, Assumptions and Judgements**

The preparation of financial statements as per IFRS requires management to make judgments, assumptions and estimates that affect the reported amounts in the consolidated financial statements. Actual results could differ from these estimates. Financial statement carrying values, in addition to other factors (See “VALUATION POLICY”), serve as the basis for the calculation of the Fair Market Value of REIT Units. If such carrying values should prove to be incorrect, the Fair Market Value of the REIT Units could be different. To the extent that the carrying values or critical estimates, assumptions and judgements are inaccurate, and given that property portfolio values, which comprise the vast majority of the REITs assets, are calculated quarterly on a lagging basis, the Posted Price per REIT

Unit in any given month may be understated or overstated as the case may be. In light of the foregoing, there is a risk that a Unitholder who redeems all or part of its Units will be paid an amount less than it would otherwise be paid if the critical estimates, assumptions and judgements were different and that the calculation of property values wasn't calculated on a quarterly basis and thus potentially lagging the market. Similarly, there is a risk that such Unitholder might, in effect, be overpaid if the actual Fair Market Value is lower than the calculated Fair Market Value. In addition, there is a risk than an investment in the REIT by a new Unitholder (or an additional investment by an existing Unitholder) could dilute the value of such investments for the other Unitholders if the Posted Price of the REIT Units is higher than the actual Fair Market Value of the REIT Units. Further, there is a risk that a new Unitholder (or an existing Unitholder that makes an additional investment) could pay more than it might otherwise if the actual Fair Market Value of the REIT Units is lower than the Posted Price. Centurion Apartment REIT does not intend to adjust the Fair Market Value of the REIT retroactively.

As set forth in the definitions of "Fair Market Value", the value of the REIT Units is determined by the Trustees, at their sole discretion, using reasonable methods of determining fair market value. Fair Market Value may or may not be equal to the net asset value of the Units. The description of the methodology of investment property valuations and the calculation of Fair Market Value and Post Prices of REIT Units reflects the methodology used by the Trustees as at the date hereof in calculating Fair Market Value. The Trustees may, in their discretion, adopt alternative methodologies to calculate investment property values and Fair Market Value from time to time, without notice to, or approval by, REIT Unitholders.

### **Lack of Independent Experts Representing Unitholders**

Each of Centurion Apartment REIT and the Asset Manager has consulted with legal counsel regarding the formation and terms of the REIT and the offering of Units. Unitholders have not, however, been independently represented. Therefore, to the extent that the REIT, Unitholders, or this offering could benefit by further independent review, such benefit will not be available. Each prospective investor should consult his or her own legal, tax and financial advisors regarding the desirability of purchasing Units and the suitability of investing in the REIT.

### **Joint Arrangements**

Centurion Apartment REIT may invest in, or be a participant in, joint arrangements and partnerships with third parties in respect of the mortgage investments and/or other real estate investments. A joint arrangement or partnership involves certain additional risks which could result in additional financial demands, increased liability and a reduction in the Asset Manager's control over the mortgage investments and/or the other real estate investments and its ability to sell the REIT's interests in a mortgage investment and/or other real estate investments within a reasonable time frame.

### **Dilution**

The number of REIT Units Centurion Apartment REIT is authorized to issue is unlimited. The Centurion Apartment REIT Trustees have the discretion to issue additional REIT Units in other circumstances, pursuant to Centurion Apartment REIT's various incentive plans. Any issuance of additional REIT Units may have a dilutive effect on the holders of REIT Units.

### **Restrictions on Potential Growth and Reliance on Credit Facilities**

The payout by Centurion Apartment REIT of a substantial part of its operating cash flow could adversely affect Centurion Apartment REIT's ability to grow unless it can obtain additional financing. Such financing may not be available, or renewable, on attractive terms or at all. In addition, if current credit facilities were to be cancelled or could not be renewed at maturity on similar terms, Centurion Apartment REIT could be materially and adversely affected.

### **Potential Inability to Fund Investments**

Centurion Apartment REIT may commit to making future investments in anticipation of repayment of principal outstanding and/or the payment of interest under existing Mortgage investments and/or in reliance on its credit facilities. In the event that such repayments of principal or payments of interest are not made, or where credit facilities aren't available, Centurion Apartment REIT may be unable to advance some or all of the funds required to be advanced pursuant to the terms of its commitments and may be required to obtain interim financing and to fund such commitments or face liability in connection with its failure to make such advances.

### **Liquidity of REIT Units and Redemption Risk**

The REIT Units are not listed on an exchange. There is currently no secondary market through which the REIT Units may be sold, there can be no assurance that any such market will develop, and the REIT has no current plans to develop such a market. Accordingly, the sole method of liquidation of an investment in REIT Units is by way of a redemption of the REIT Units. Aggregate redemptions are limited to \$50,000 per month unless approved by the Board of Trustees. Accordingly, in the event that the REIT experiences a large number of redemptions, the REIT may not be able to satisfy all of the redemption requests. Depending upon the Purchase Option selected and the amount of time the REIT Units have been held, there may be a Deferred Sales Charge or Short-Term Trading Fee associated with an early redemption (see "Redemption of REIT Units").

### **Nature of REIT Units**

The REIT Units are not the same as shares of a corporation. As a result, the Unitholders will not have the statutory rights and remedies normally associated with share ownership, such as the right to bring "oppression" or "derivative" actions.

## **1. Trust Information**

Centurion Apartment Real Estate Investment Trust (“REIT” or the “Trust”) is an unincorporated, open-ended real estate private investment trust which was created pursuant to a Declaration of Trust initially dated August 31, 2009, as further amended from time to time and most recently amended on November 7, 2025 (“Declaration of Trust”) and is governed by the laws of the Province of Ontario. The registered office of the Trust is located at 25 Sheppard Avenue West, Suite 1800, Toronto, Ontario, M2N 6S8. The Trust invests primarily in multi-suite residential properties, student residence properties, mortgages and other opportunistic real estate investments mainly in Canada.

## **2. Basis of Presentation**

### **a) Statement of Compliance**

The unaudited condensed consolidated interim financial statements for the three months ended March 31, 2026, have been prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (“IASB”).

The unaudited condensed consolidated interim financial statements have been approved for issue by the Board of Trustees on May 28, 2026.

### **b) Basis of Measurement**

The unaudited condensed consolidated interim financial statements have been prepared on a historical cost basis except for investment properties, investment properties held in equity accounted investments, participating loan interests, and foreign currency forward contracts each of which have been measured at fair value through profit or loss (“FVTPL”) as determined at each reporting date.

### **c) Principles of Consolidation**

The unaudited condensed consolidated interim financial statements reflect the operations of the Trust, its subsidiaries and its proportionate share of joint arrangements which are classified as joint operations. Entities subject to joint arrangements that have been separately characterized as joint ventures are accounted for using the equity method.

The financial statements of the subsidiaries included in the unaudited condensed consolidated interim financial statements are from the date that control commences until the date that control ceases.

The accounting policies of the subsidiaries are consistent with the accounting policies of the Trust and their financial statements have been prepared for the same reporting period as the Trust. All intercompany transactions and balances have been eliminated upon consolidation.

### **d) Functional and Presentation Currency**

The unaudited condensed consolidated interim financial statements are presented in Canadian dollars (unless otherwise stated), which is the functional currency of the REIT.

### **e) Accounting Estimates and Judgments**

In preparing the unaudited condensed consolidated interim financial statements, estimates, assumptions, and judgments made by management in applying accounting policies were the same as those applied to the audited consolidated financial statements as at and for the year ended December 31, 2025.

**CENTURION APARTMENT REAL ESTATE INVESTMENT TRUST**  
**Notes to the Condensed Consolidated Interim Financial Statements (Unaudited)**  
**For the three months ended March 31, 2026, with corresponding information for 2025**  
**(Expressed in thousands of Canadian dollars, unless otherwise noted)**

### 3. Accounting Policies

The accounting policies adopted in the preparation of the unaudited condensed consolidated interim financial statements are consistent with those followed in the preparation of the REIT's annual consolidated financial statements for the year ended December 31, 2025, except for the adoption of new standards effective January 1, 2026. The REIT has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. The amendments that apply for the first time in 2026 do not have a material impact on the condensed consolidated interim financial statements of the REIT.

### 4. Investment Properties

Investment properties are measured at fair value as at each reporting date. Any changes in the fair value are included in the statement of net income and comprehensive income.

The Trust's investment properties consist of the following:

	Note	Operational	Development	March 31, 2026	December 31, 2025
Balance, beginning of period		\$ 6,179,444	\$ 298,199	\$ 6,477,643	\$ 6,282,124
Property acquisitions <sup>(1)</sup>		—	23,821	23,821	—
Property dispositions		—	—	—	(41,455)
Development costs		—	22,996	22,996	74,536
Increase (decrease) in property valuations		443	681	1,124	53,250
Reclassification from development to operational		293,112	(293,112)	—	—
Reclassification from equity accounted investments	5	—	—	—	95,360
Reclassification from participating interest loans		—	—	—	13,828
<b>Balance, end of period</b>		<b>\$ 6,472,999</b>	<b>\$ 52,585</b>	<b>\$ 6,525,584</b>	<b>\$ 6,477,643</b>

	Note	Operational	Development	March 31, 2026	December 31, 2025
Increase (decrease) in property valuations		\$ 443	\$ 681	\$ 1,124	\$ 53,250
Less: Acquisition costs		(16)	—	(16)	(4,201)
Less: Property improvements		(9,025)	—	(9,025)	(55,554)
Less: Other adjustments		—	—	—	4,768
<b>Total fair value gains (losses) on investment properties, net</b>		<b>\$ (8,598)</b>	<b>\$ 681</b>	<b>\$ (7,917)</b>	<b>\$ (1,737)</b>

(1) Acquisitions represent the Trust's increase in ownership interest in an existing investment property from 66.7% to 81.0%, and do not relate to the acquisition of a new property.

The following valuation techniques were considered in determining the estimated fair value which are all considered a level 3 valuation technique in the fair value hierarchy:

1. The direct capitalization method is the Trust's primary valuation methodology and is based on the conversion of estimated future normalized earnings potential directly into an expression of market value. The estimated Normalized Net Operating Income ("NNOI") for the period is divided by an overall capitalization rate (inverse of an earnings multiplier) to arrive at the estimate of fair value;

2. The comparable sales approach which is based on recent prices of similar properties within similar market areas, if any

At each reporting date, the Trust assembles the property specific data used in the valuation model based on the process outlined in the valuation framework, reviews the valuation framework to determine whether any changes or updates are required, inputs the capitalization rates, set-offs and normalization assumptions provided by the valuers, and delivers the completed valuation framework to the external appraiser for review.

The external appraiser determines the range of capitalization rates that should be used in the valuing of the Trust's investment properties. The external appraiser provides a fair value report that includes charts of comparable sales and supporting relevant market information, to assist in determining the appropriate industry standard for set-off amounts and normalization assumptions to be used in the calculation of NNOI.

### **Capitalization Rate Sensitivity Analysis**

As at March 31, 2026, the Trust conducted a valuation of its investment properties on an individual basis, with no portfolio effect considered, to determine the estimated fair value of its investment properties.

Capitalization rates used to generate estimated fair values for the investment properties ranged from 3.85% to 5.50% at March 31, 2026 (December 31, 2025 – 3.85% to 5.50%) with a weighted average capitalization rate across the investment properties portfolio of 4.40% (December 31, 2025 – 4.40%).

The table below presents the sensitivity of the fair valuation of investment properties to the changes in capitalization rate.

<b>Capitalization rate sensitivity increase (decrease)</b>	<b>Weighted average capitalization rate</b>	<b>Fair value of investment property</b>	<b>Fair value variance</b>	<b>% change</b>
(0.50%)	3.90%	\$ 7,362,197	\$ 836,613	12.8%
(0.35%)	4.05%	7,089,523	563,939	8.6%
(0.15%)	4.25%	6,755,899	230,315	3.5%
—	4.40%	6,525,584	—	—
0.15%	4.55%	6,310,455	(215,129)	3.3%
0.35%	4.75%	6,044,751	(480,833)	7.4%
0.50%	4.90%	5,859,708	(665,876)	10.2%

A 1% increase in normalized NOI would result in an increase in the estimated fair value of investment properties of \$65,256. A 1% decrease in normalized NOI would result in a decrease in the estimated fair value of investment properties of \$65,256.

### **Acquisitions and Transfers to Investment Properties**

The Trust did not make any investment property acquisitions during the three months ended March 31, 2026. The Trust did not transfer any participating loan interests or equity accounted investments to investment properties through new co-ownership structures.

During the year ended December 31, 2025, the Trust did not make any investment property acquisitions. The Trust transferred one property from participating loan interests and two properties from equity accounted investments to

**CENTURION APARTMENT REAL ESTATE INVESTMENT TRUST**  
**Notes to the Condensed Consolidated Interim Financial Statements (Unaudited)**  
**For the three months ended March 31, 2026, with corresponding information for 2025**

investment properties through new co-ownership structures resulting in the Trust proportionately consolidating these investments commencing during the year.

<b>Transaction Date</b>	<b>Rental Units</b>	<b>% Holding</b>	<b>Fair Value</b>	<b>Mortgage Funding</b>	<b>Mortgage Interest Rate</b>	<b>Mortgage Maturity Date</b>
<b>Transfers from Participating Loan Interests:</b>						
April 15, 2025	78	50%	\$ 13,828	\$ 10,188	3.97%	May 1, 2035
<b>Transfers from Equity Accounted Investments:</b>						
July 31, 2025	340	50%	\$ 62,700	\$ 43,000	4.37%	August 1, 2026
September 9, 2025	— <sup>(1)</sup>	68.8%	\$ 32,660	\$ 17,860	4.18%	June 20, 2029

<sup>(1)</sup> The investment property has no rental units as it remained under development as at December 31, 2025.

**Dispositions**

The Trust did not make any investment property dispositions during the three months ended March 31, 2026.

During the year ended December 31, 2025, the Trust made the following dispositions:

<b>Disposition Date</b>	<b>Rental Units</b>	<b>% Holding</b>	<b>Disposition Proceeds</b>	<b>Original Purchase</b>	<b>Cumulative Fair Value<sup>(1)</sup></b>	<b>Selling Costs</b>
December 15, 2025	75	100%	\$ 14,494	\$ 12,107	\$ 2,473	(\$86)
December 15, 2025	64	100%	14,720	11,679	3,208	(167)
December 15, 2025	48	100%	11,786	9,474	2,514	(202)
			<b>\$ 41,000</b>	<b>\$ 33,260</b>	<b>\$ 8,195</b>	<b>(\$455)</b>

<sup>(1)</sup> The fair value adjustment was a net loss of \$847 for the year ended December 31, 2025.

**CENTURION APARTMENT REAL ESTATE INVESTMENT TRUST**  
**Notes to the Condensed Consolidated Interim Financial Statements (Unaudited)**  
**For the three months ended March 31, 2026, with corresponding information for 2025**  
**(Expressed in thousands of Canadian dollars, unless otherwise noted)**

The joint operations are classified as either operational or development, based on their stage of stabilization. The operational category comprises of income-producing assets, while the development primarily comprises of land and construction costs. Within each category, the properties exhibit similar economic characteristics, and the associated financial assets and liabilities are not individually material. The Trust's proportionate share of assets, liabilities, revenues, expenses, net income, and cash flows arising from its investments in joint operations, as included in the consolidated financial statements, is presented below:

<b>As at</b>	<b>Operational <sup>(1)</sup></b>	<b>Development <sup>(1)</sup></b>	<b>March 31, 2026</b>	<b>December 31, 2025</b>
Non-current assets	\$ 835,596	\$ 52,582	\$ 888,178	\$ 861,590
Current assets	25,897	—	25,897	18,671
<b>Total assets</b>	<b>\$ 861,493</b>	<b>\$ 52,582</b>	<b>\$ 914,075</b>	<b>\$ 880,261</b>

**Notes to the Condensed Consolidated Interim Financial Statements (Unaudited)**  
**For the three months ended March 31, 2026, with corresponding information for 2025**  
**(Expressed in thousands of Canadian dollars, unless otherwise noted)**

**5. Equity Accounted Investments**

Investment properties held within equity accounted investments ("EAI") consist of income producing and development assets that are measured at fair value as at the consolidated statement of financial position dates. Any changes in the fair value are included in the consolidated statement of net income and comprehensive income. Fair value is supported by detailed internal valuations using market-based assumptions in accordance with recognized valuation techniques. The techniques used comprise the direct capitalization method less cost to complete and include estimating, among other things, future stabilized net operating income, capitalization rates and other future cash flows applicable to investment properties. Fair values for investment properties are classified as Level 3 in the fair value hierarchy.

The joint ventures are classified as either operational or development in nature, based on the stage of stabilization. The operational category comprises of income-producing assets, while the development primarily comprises of land and construction costs. Within each category, the properties exhibit similar economic characteristics, and the associated financial assets and liabilities are not individually material. The following table details the Trust's ownership share of assets, liabilities, revenues, expenses and net income from its equity accounted investments:

<b>As at</b>	<b>March 31, 2026</b>		<b>December 31, 2025</b>	
Non-current assets	\$	<b>753,987</b>	\$	742,026

**Notes to the Condensed Consolidated Interim Financial Statements (Unaudited)**  
**For the three months ended March 31, 2026, with corresponding information for 2025**  
**(Expressed in thousands of Canadian dollars, unless otherwise noted)**

---

**b) Participating Loan Interests**

As at March 31, 2026, the Trust holds mortgage investments that contain participation agreements with third-party lenders, whereby the Trust retains residual interests subordinate to the interests syndicated to these third-party lenders. All interest and fee income earned by the Trust recognized is included in the consolidated statement of net income and comprehensive income.

The Trust estimates the fair value of the participating loan interests based on a discounted cash flow model. The primary input in the discounted cash flow model is the fair value of the real estate securing the participating loan. The fair value of the underlying real estate assets was determined using a detailed valuation framework, and the techniques considered in this framework are as follows:

1. Consideration of recent prices of similar properties within similar market areas;
2. The direct capitalization method for the underlying real estate security is based on an "as if" completed basis, which is based on the conversion of future normalized earnings directly into an expression of market value less cost to complete.

As a result, the fair value of participating loan interests is based on Level 3 of the fair value hierarchy.

	<b>March 31, 2026</b>	December 31, 2025
Balance, beginning of year	\$ 23,263	\$ 21,169
Advances	82	3,284
Interest income	545	2,194
Fair value gains (losses)	(149)	1,178
Repayment of principal	—	(2,583)
Repayment of interest	(82)	(1,716)
Other adjustments	(56)	(263)
<b>Balance, end of period</b>	<b>\$ 23,603</b>	<b>\$ 23,263</b>

**7. Receivables and Other Assets**

Receivables and other assets consist of the following:

	<b>March 31, 2026</b>	December 31, 2025
Prepaid CMHC premiums	\$ 65,115	\$ 63,079
Other current assets	39,182	34,984
Prepaid expenses	9,256	8,723
Property and equipment	1,788	1,859
Financial asset <sup>(1)</sup>	13,275	51,045
Net rent receivables	1,613	3,002
Current income tax receivable	353	347
	<b>\$ 130,582</b>	<b>\$ 163,039</b>

(1) Represents a financing arrangement with a third party, whereby the Trust is entitled to annual payments, recorded as interest income, over the term of a lease agreement for the use of a property.

**CENTURION APARTMENT REAL ESTATE INVESTMENT TRUST**  
**Notes to the Condensed Consolidated Interim Financial Statements (Unaudited)**  
**For the three months ended March 31, 2026, with corresponding information for 2025**  
**(Expressed in thousands of Canadian dollars, unless otherwise noted)**

Receivables and Other Assets include current assets of \$49,307 and non-current assets of \$81,275 as at March 31, 2026 (December 31, 2025: \$45,873 and \$117,166, respectively). Prepaid CMHC premiums, represents CMHC premiums on mortgages payable, net of accumulated amortization of \$9,932 (December 31, 2025: \$9,289).

**8. Restricted Cash / Unit Subscriptions in Trust**

As at March 31, 2026, restricted cash consists of cash not available for use of \$2,076 (December 31, 2025: \$2,409). This restricted cash represents Unitholder subscriptions held in trust until the trade settlement date. These amounts will be returned to investors if the proposed Unitholder subscriptions do not successfully proceed. All restricted cash as at March 31, 2026, is current in nature. Subsequent to quarter end, the restricted cash was released as units were issued to investors.

**9. Mortgages Payable, Credit Facilities, and Other Debt**

Mortgages payable and credit facilities are secured by respective investment properties and unsecured notes payable are summarized as follows:

	<b>March 31, 2026</b>	December 31, 2025
First mortgages <sup>(1)</sup>	\$ 3,223,237	\$ 3,002,545
Construction financing, land loan facility and mortgages on financial instruments <sup>(2)</sup>	23,313	270,928
Line of credit facilities <sup>(3)</sup>	248,108	212,000
Unsecured notes payable <sup>(4)</sup>	52,953	73,305
Balance, before unamortized financing fees	\$ 3,547,611	\$ 3,558,778
Less: Unamortized portion of financing fees	(18,540)	(19,181)
<b>Balance, end of the period</b>	<b>\$ 3,529,071</b>	<b>\$ 3,539,597</b>
Current	177,933	286,428
Non-current	\$ 3,351,138	\$ 3,253,169

(1) Bearing an interest rate between 1.62% and 5.43% (December 31, 2025: 5.43%), with a weighted average interest rate of 3.16% (December 31, 2025: 3.12%) and a weighted average maturity of 5.33 years (December 31, 2025: 5.57 years), are secured by related investment properties.

(2) Bearing a weighted average interest rate of 3.99% (December 31, 2025: 4.31%) and a weighted average maturity of 2.69 years (December 31, 2025: 2.13 years).

(3) Two loans bearing a weighted average interest rate of 4.64% (December 31, 2025: 4.70%) mature on May 31, 2027 and March 3, 2028, with \$248,108 drawn and \$126,892 available to be drawn.

(4) Issued by Centurion Operating Trust ("COT"), a subsidiary of the Trust, to unitholders to satisfy certain unit redemptions not settled in cash during the year. Unitholders have the option to elect to receive COT Notes for unit redemptions not fulfilled in cash by the Trust. The COT Notes bear interest at 2.57% (December 31, 2025: \$nil) per annum, payable monthly and mature on September 1, 2030.

As at March 31, 2026, the Trust had net redemptions of \$nil (December 31, 2025: \$73,305) settled by the issuance of unsecured notes payable.

First mortgages are secured by investment properties with an estimated fair value of \$6,167,034 as at March 31, 2026 (December 31, 2025: \$6,092,646).

As at March 31, 2026, future payments of mortgages payable, unsecured notes payable, and mortgages on financial instruments are due as follows:

**CENTURION APARTMENT REAL ESTATE INVESTMENT TRUST**

## **10. Accounts Payable and Other Liabilities**

Accounts payable and other liabilities consist of the following:

	<b>March 31, 2026</b>	<b>December 31, 2025</b>
Accrued expenses	\$ 37,713	\$ 27,913
Prepaid rent and tenant deposits	17,204	17,074
Accounts payable	3,170	9,776
Deferred long term incentive plan	4,504	6,552
	\$ 62,591	\$ 61,315

Accounts Payable and Other Liabilities includes current liabilities of \$58,092 and non-current liabilities of \$4,499 as of March 31, 2026 (December 31, 2025: \$54,661 and \$6,654, respectively).

## 11. Classification of Units

In accordance with the Declaration of Trust (“DoT”), the Trust may issue an unlimited number of units of various classes, with each unit representing an equal undivided interest in any distributions from the Trust, and in the net assets in the event of termination or wind-up of the Trust.

### Authorized

**i. Unlimited number of Class A, F, and I Trust Units**

Class A, F, and I Trust Units are participating, with one vote per unit, no par value.

**ii. Unlimited number of Special Voting Units of the Trust and Exchangeable LP Units**

Special Voting Units are non-participating, with one vote per unit, and are issued on a one-for-one basis to holders of Exchangeable Securities of the CAP II LP Partnership (the “Partnership”) that rolls into the Trust. These Exchangeable Securities, consisting of Class B and C LP Units of the Partnership, are non-voting, participating along with the Class A, F, and I Trust Units and are exchangeable by the holder without restriction into an equivalent number of Class A and F Trust Units, respectively.

### Issued (in thousands of units)

	<b>March 31, 2026</b>	December 31, 2025
<b>Class A Trust Units</b>		
Units as at January 1,	75,116	79,625
New units issued	710	3,179
Distribution reinvestment plan	400	1,887
Redemption of units	(882)	(9,575)
	<b>75,344</b>	75,116
<b>Class F Trust Units</b>		
Units as at January 1,	76,410	69,541
New units issued	720	14,402

**CENTURION APARTMENT REAL ESTATE INVESTMENT TRUST**  
**Notes to the Condensed Consolidated Interim Financial Statements (Unaudited)**  
**For the three months ended March 31, 2026, with corresponding information for 2025**  
**(Expressed in thousands of Canadian dollars, unless otherwise noted)**

**12. Revenue**

Revenue from investment properties is comprised of the following:

<b>For the three months ended March 31,</b>	<b>2026</b>	<b>2025</b>
Rental income	\$ 90,166	\$ 86,395
Ancillary income	4,769	4,411
Expense recoveries	427	437
<b>\$</b>	<b>\$ 95,362</b>	<b>\$ 91,243</b>

**13. Fair Value**

<b>For the three months ended March 31,</b>	<b>Note</b>	<b>2026</b>	<b>2025</b>
Fair value adjustment on investment properties, net	4	\$ (7,917)	\$ 36,371
Fair value adjustment from investment property held within equity accounted investments, net	5	8,707	4,332
Fair value adjustment on participating loan interests, net	6	(149)	112
Carry allocation	19	—	(5,519)
<b>Net fair value gains</b>	<b>\$</b>	<b>\$ 641</b>	<b>\$ 35,296</b>

**14. Finance Costs**

<b>For the three months ended March 31,</b>	<b>2026</b>	<b>2025</b>
Interest expense on mortgage payables	\$ 23,999	\$ 22,948
Interest expense on credit facility	1,843	1,303
Interest on other financial instruments	152	91
Amortization of financing fees	945	727
Amortization of CMHC premiums	643	595
<b>\$</b>	<b>\$ 27,582</b>	<b>\$ 25,664</b>

The Trust capitalized \$221 (March 31, 2025: \$nil) of interest expense related to its credit facility draws used for properties under development. The applicable capitalization rate was based on the line of credit interest rate, which had a weighted average interest rate of 4.70% (March 31, 2025: 5.30%).

**15. Other Income and Expenses, Net**

<b>For the three months ended March 31,</b>	<b>2026</b>	<b>2025</b>
Trailer fee expense	\$ (4,686)	\$ (4,654)
Interest and miscellaneous	916	126
<b>\$</b>	<b>\$ (3,770)</b>	<b>\$ (4,528)</b>

**CENTURION APARTMENT REAL ESTATE INVESTMENT TRUST**

**(Expressed in thousands of Canadian dollars, unless otherwise noted)**

---

**16. General and Administrative Expenses**

<b>For the three months ended March 31,</b>	<b>2026</b>	<b>2025</b>
Salaries and wages	\$ 5,946	\$ 5,979
Communications & IT	1,114	1,097
Office expenses	1,146	742
Fund administration costs	339	571
Professional fees	1,298	917
Advertising	811	873
Amortization of property and equipment	233	218
	<b>\$ 10,887</b>	<b>\$ 10,397</b>

The Trust incurred non-recurring and restructuring costs of \$873 for the three months ended March 31, 2026 (March 31, 2025: \$405).

**17. Commitments**

The Trust is committed to asset management services under an asset management agreement with Centurion Asset Management Inc. ("CAMI" or the "Asset Manager"), a company controlled by the President and Trustee of the Trust. The asset management agreement was amended on September 1, 2023. The initial term of the amended Asset Management Agreement is five years and will be renewed automatically annually thereafter unless cancelled. The contract will be terminable by the REIT (i) for cause, (ii) for poor performance by the Asset Manager at the end of the initial term, subject to a cure period and two-thirds unitholder approval, or (iii) for other strategic purposes after seven years, subject to two-thirds unitholder approval and a make-whole payment, equivalent to asset management fees and carry allocation paid during the preceding 36 months. The Asset Manager may terminate the contract at any time after the initial term on 180 days' notice. The Trust is required to pay a 1.0% per annum asset management fees based on net asset value ("NAV"), as defined by the Offering Memorandum published on May 1, 2026, and bears a carry allocation of 15% of the total return, as defined in the asset management agreement, if the units produce a return in excess of a 7.25% hurdle per annum, subject to monthly full recovery look back with a high-water mark threshold.

The following table summarizes the Trust's contractual commitments as at March 31, 2026, reflecting undiscounted contractual obligations and commitments in place as at the reporting date.

<b>As at</b>	<b>March 31, 2026</b>	<b>December 31, 2025</b>
Additional contractual commitments for participating loan interests	334	416
Additional contractual commitments for equity accounted investments	13,735	14,384
<b>Total additional contractual commitments</b>	<b>\$ 14,069</b>	<b>\$ 14,800</b>

**18. Contingencies**

As at March 31, 2026, the Trust is not currently engaged in any material legal matters and management is not aware of any such matters that could have a material impact on these unaudited condensed consolidated interim financial statements.

## 19. Related Party Transactions

Except as disclosed elsewhere in the consolidated financial statements, related party balances and transactions include the following:

During the three months ended March 31, 2026, the Trust paid asset management fees of \$9,979 to the Asset Manager (March 31, 2025: \$11,717). The Asset Manager has temporarily reduced the asset management fee to 0.9% per annum (plus HST), effective on September 1, 2025. The Trust also accrued a carry allocation of \$nil (March 31, 2025: \$5,519).

On January 2, 2025, the Trust issued 2,794,408 Exchangeable LP units to a related party of the Asset Manager to settle the accrued prior year carry allocation obligation of \$67,794. The Exchangeable LP units were immediately converted to Class F units on a one-for-one basis.

During the three months ended March 31, 2026, the Asset Manager did not redeem any Class A units of the REIT (March 31, 2025: 412,049). As at March 31, 2026, the Asset Manager and its related parties hold 68,000 Class A units and 2,330,777 Class F units of the Trust, respectively (March 31, 2025: 686,825 and 2,794,408). The distributions in cash for these units were \$692 for the three months ended March 31, 2026 (March 31, 2025: \$779).

## 20. Income Taxes

### a) Canadian Status

The REIT is a “mutual fund trust” pursuant to the Act. Under current tax legislation, a mutual fund trust that is not a Specified Investment Flow-Through (“SIFT”) Trust pursuant to the Act is entitled to deduct distributions of taxable income such that it is not liable to pay income taxes provided that its taxable income is fully distributed to Unitholders. The REIT intends to continue to qualify as a mutual fund trust that is not a SIFT Trust and to make distributions not less than the amount necessary to ensure that the REIT will not be liable to pay income taxes.

### b) U.S. Status

Certain of the REIT’s operations or a portion thereof are conducted through its taxable U.S. subsidiaries, which are subject to U.S. federal and state corporate income taxes.

### c) Income Tax Expense

<b>For the three months ended March 31,</b>	<b>2026</b>	<b>2025</b>
Current income tax expense	\$ 149	\$ 47
Deferred income tax expense	434	124
<b>Income tax expense</b>	<b>\$ 583</b>	<b>\$ 171</b>

During the three months ended March 31, 2026, the Trust did not make any tax installments on its current income tax liabilities (March 31, 2025: \$nil).

During the three months ended March 31, 2026, the Trust did not make any income tax payments (March 31, 2025: \$nil). The trust did not receive any income tax refund (March 31, 2025: \$nil) attributable to its investment properties held in U.S.-domiciled equity accounted investments.

**d) Deferred Income Tax Liabilities**

As at March 31, 2026, total net deferred income tax liabilities is \$4,089, which is predominantly due to the unrealized fair value gains recognized on the underlying real estate held within Equity Accounted Investments (December 31, 2025: \$3,594).

**21. Fair Value Measurement**

Fair value is the price that market participants would be willing to pay for an asset or liability in an orderly transaction under current market conditions at the measurement date.

The fair values of the Trust's financial assets and liabilities were determined as follows:

- The carrying amounts of cash, restricted cash, acquisition deposits, unit subscriptions in trust, rents receivables, accounts payable and other liabilities, and tenant deposits approximate their fair values based on the short-term maturities of these financial instruments.
- Management determines fair value of mortgage investments based on its assessment of the current lending market of the same or similar terms since there are no quoted prices in an active market for these investments. Management has determined that the fair value of mortgage investments approximates their carrying value.
- Fair values of mortgages payable, credit facilities and other debt are estimated by discounting the future cash flows associated with the debt at current market interest rates.
- Management determines the fair value of participating loan interests, as detailed in Note 6b, based on the fair value of the underlying asset which uses either the direct capitalization approach or the direct comparison approach.
- The long term incentive plan trust units are valued based on the Trust's NAV.
- The fair value of the foreign currency futures and forward contracts was determined using Level 2 inputs which include spot and futures and forward foreign exchange rates.

The following table presents financial assets and liabilities measured or disclosed at fair value in the consolidated statement of financial position, by the levels in the fair value hierarchy, which are defined as follows:

	Fair value hierarchy	March 31, 2026		December 31, 2025	
		Carrying value	Fair value	Carrying value	Fair value
<b>Assets</b>					
Investment properties	Level 3	<b>6,525,584</b>	<b>6,525,584</b>	6,477,643	6,477,643
Investment properties held within equity accounted investments	Level 3	<b>383,527</b>	<b>383,527</b>	370,379	370,379
Participating loan interests	Level 3	<b>23,603</b>	<b>23,603</b>	23,263	23,263
<b>Liabilities</b>					
Long term Incentive Plan Trust Units	Level 3	<b>(4,504)</b>	<b>(4,504)</b>	(6,552)	(6,552)
Currency Derivative	Level 2	<b>(200)</b>	<b>(200)</b>	486	486
<b>Fair values disclosed</b>					
Mortgage payable, credit facilities, and other debt	Level 2	<b>3,529,071</b>	<b>3,330,497</b>	3,539,597	3,346,095

## 22. Capital Management

The Trust defines capital as net assets attributable to Unitholders, debt (including mortgages), and lines of credit. The Trust's objectives in managing capital are to ensure adequate operating funds are available to maintain consistent and sustainable Unitholder distributions, to fund leasing costs and capital expenditure requirements, and to provide for resources needed to acquire new investment properties and fund real estate, equity investments or mortgage investments as identified.

Various debt and earnings distribution ratios are used to ensure capital adequacy and monitor capital requirements. The primary ratios used for assessing capital management are the interest coverage ratio and net debt-to-gross carrying value. Other indicators include weighted average interest rate, average term to maturity of debt, and variable debt as a portion of total debt.

These indicators assist the Trust in assessing that the debt level maintained is sufficient to provide adequate cash flows for Unitholder distributions and capital expenditures, and for evaluating the need to raise funds for further expansion.

Various mortgages have debt covenant requirements that are monitored by the Trust to ensure there are no defaults. The Trust's credit facilities also (see Note 9) require compliance with certain financial covenants, throughout the period. These include loan-to-value ratios, cash flow coverage ratios, interest coverage ratios, and debt service coverage ratios.

The carrying value of the units is impacted by earnings and Unitholder distributions. The Trust endeavors to make annual distributions. Amounts retained are used to fund new investments and working capital requirements. Management monitors distributions through various ratios to ensure adequate resources are available. These include the proportion of distributions paid in cash, DRIP participation ratio, and total distributions as a percentage of distributable income and distributable income per unit.

The Declaration of Trust provides for a maximum total indebtedness level of up to 55% (December 31, 2025: 55%) of Gross Book Value (GBV). GBV means the book value of the assets. Indebtedness includes obligations incurred in connection with acquisitions. The following table highlights the Trust's existing leverage ratio, excluding any syndicated assets or liabilities, in accordance with the Declaration of Trust:

	<b>March 31, 2026</b>	December 31, 2025
Total assets less restricted cash	\$ 7,156,898	\$ 7,172,468
Mortgages payable, credit facilities, and other debt at amortized cost	<b>3,529,071</b>	3,539,597
<b>Ratio of Debt at Carrying Value to GBV</b>	<b>49.31 %</b>	49.35 %
Mortgages payable, credit facilities, and other debt at fair value	<b>3,330,497</b>	3,346,095
<b>Ratio of Debt at Fair Value to GBV</b>	<b>46.54 %</b>	46.65 %

---

The following schedule details the components of the Trust's capital structure:

		<b>March 31, 2026</b>		December 31, 2025
Net assets attributable to Unitholders	\$	<b>3,561,147</b>	\$	3,567,962
Mortgages payable, credit facilities, and other debt		<b>3,529,071</b>		3,539,597
<b>Total Capital Structure at Carrying Value</b>	<b>\$</b>	<b>7,090,218</b>	<b>\$</b>	<b>7,107,559</b>
Fair value of mortgages payable, credit facilities, and other debt		3,330,497		3,346,095
<b>Total Capital Structure at Fair Value</b>	<b>\$</b>	<b>6,891,644</b>	<b>\$</b>	<b>6,914,057</b>

## 23. Financial Instruments

### Risk Management

The main risks that arise from the Trust's financial instruments are liquidity, interest, credit and currency risk. The Trust's approach to managing these risks is summarized below.

Management's risk management policies are typically performed as a part of the overall management of the Trust's operations. Management is aware of risks related to these objectives through direct personal involvement with employees and outside parties. In the normal course of its business, the Trust is exposed to several risks that can affect its operating performance. Management's close involvement in operations helps to identify risks and variations from expectations. As a part of the overall operation of the Trust, management considers the avoidance of undue concentrations of risk.

These risks include, and the actions taken to manage them, are as follows:

#### i) Liquidity Risk

Liquidity risk is the risk that the Trust may not be able to meet its financial obligations as they fall due. The Trust's principal liquidity needs arise from working capital, debt servicing and repayment obligations, planned funding of maintenance, mortgage funding commitments, leasing costs and distributions to Unitholders, and possible property acquisition funding requirements. The Trust manages its liquidity risk by ensuring its projected financial obligations can be met through its cash flows from operations, mortgage refinancing, credit facilities, new capital issuances and projected repayments under the existing mortgage investment portfolio.

There is a risk that lenders will not refinance maturing debt on terms and conditions acceptable to the Trust. Management's strategy is to mitigate the Trust's exposure to excessive amounts of debt maturing in any one year. The features and quality of the underlying assets being financed and the prevailing debt market conditions will affect the success of debt refinancing.

Management prepares cash flow forecasts and budgets, which involves judgment on an ongoing basis to manage liquidity risks, ensure efficient use of resources and monitor compliance financial and non-financial covenants.

The Trust is subject to financial covenants under its borrowing arrangements, including a debt service coverage ratio. A breach of one or more of these covenants could result in the acceleration of repayment obligations or restrictions on access to additional financing. As at March 31, 2026, the Trust was in compliance with all such covenants.

**CENTURION APARTMENT REAL ESTATE INVESTMENT TRUST**  
**Notes to the Condensed Consolidated Interim Financial Statements (Unaudited)**  
**For the three months ended March 31, 2026, with corresponding information for 2025**  
**(Expressed in thousands of Canadian dollars, unless otherwise noted)**

---

In preparing its forecasts, management considers a range of scenarios, including those where covenant compliance may be impacted due to timing differences in operating performance or other factors. In such circumstances, management would assess available alternatives, which may include engaging with lending partners to evaluate potential amendments, waivers or other arrangements, as appropriate.

The Trust maintains financial flexibility through available liquidity, including cash balances and undrawn credit facilities, refinancing strategies which may include increasing leverage under existing or new mortgage financing, entering into alternative debt arrangements, use of unencumbered assets to support financing, and the potential disposition of non-core assets. Management has identified a range of actions available, if required, to support liquidity and covenant compliance, including adjusting the timing and level of capital expenditures.

Management applies judgment in preparing forecasts and performs sensitivity and scenario analysis on key assumptions, including net operating income, interest rates and capital market conditions. Based on this assessment, management has concluded that there are no material uncertainties that would cast significant doubt on the Trust's ability to continue as a going concern.

The success of new capital issuances is subject to the capital markets being receptive to a unit issue with financial terms favorable to the Trust. As at March 31, 2026, the Trust had cash and cash equivalents of \$22,431 (December 31, 2025: \$55,026) and restricted cash of \$2,076 (December 31, 2025 \$2,409). The credit facility is as follows:

		<b>March 31, 2026</b>		December 31, 2025
Credit facility agreements in place	\$	<b>375,000</b>	\$	300,000
Available for use	\$	<b>357,320</b>	\$	300,000
Available as undrawn	\$	<b>109,212</b>	\$	88,000

As at March 31, 2026, the Trust has contractual obligations totaling \$368,323 (December 31, 2025: \$460,779) due in less than one year primarily related to mortgage arrangement. The Trust expects to satisfy these obligations through refinancing with existing or new lenders and operating cash flows. These include all current liabilities noted within the statement of financial position and the unfunded mortgage, equity accounted and participating loan interest commitments (Note 17).

**ii) Interest Rate Risk**

The Trust's objective of managing interest rate risk is to minimize the volatility of earnings. Management establishes floor rates for all variable rate mortgage investments to limit their exposure to interest rate risk. Management monitors the Trust's variable interest rates on an ongoing basis and assesses the impact of any changes on earnings. Management also routinely assesses the suitability of the Trust's current credit facilities, mortgage liabilities and terms. As at March 31, 2026, the Trust had mortgage investments and participating loans of \$67,962 (December 31, 2025: \$109,130) and credit facilities with balances of \$271,421 (December 31, 2025: \$445,428) that bore interest at variables rates.

The Trust is subject to the risks associated with mortgage financing, including the risk that the interest rate on floating debt may rise before the long-term fixed-rate debt is arranged and that the mortgages and credit facilities will not be able to be refinanced on terms similar to those of the existing indebtedness.

**CENTURION APARTMENT REAL ESTATE INVESTMENT TRUST**  
**Notes to the Condensed Consolidated Interim Financial Statements (Unaudited)**  
**For the three months ended March 31, 2026, with corresponding information for 2025**  
**(Expressed in thousands of Canadian dollars, unless otherwise noted)**

	-1%			+1%	
	Carrying Amount	Income	Equity	Income	Equity
<b>Financial assets</b>					
Variable rate mortgage investments & participating loan interests	\$ 67,962	\$ (680)	\$ (680)	\$ 680	\$ 680
<b>Financial liabilities</b>					
Variable rate construction financings, land loan facility & line of credit facility	\$ (271,421)	\$ 2,714	\$ 2,714	\$ (2,714)	\$ (2,714)
<b>Net Variable Interest Rate Exposure</b>	<b>\$ (203,459)</b>	<b>\$ 2,034</b>	<b>\$ 2,034</b>	<b>\$ (2,034)</b>	<b>\$ (2,034)</b>

**iii) Credit Risk**

Tenant credit risk arises from the possibility that tenants and mortgage borrowers may default on their rent and mortgage obligations respectively to the Trust. The risk of credit loss is mitigated by leasing and credit policies. The Trust monitors its collection experience every month and ensures that a stringent policy is adopted to provide for all past due amounts that are doubtful of being collected. All residential accounts receivable balances written off are recognized in the consolidated statement of comprehensive income and subsequent recoveries of amounts previously written off are credited in the consolidated statement of net income and comprehensive income.

Investment credit risk is the possibility that a borrower under one of the mortgages comprising the investment portfolio, may be unable to honor their debt commitment as a result of a negative change in the borrower's financial position or market conditions that could result in a loss to the Trust. Any instability in the real estate sector or an adverse change in economic conditions in Canada could result in declines in the value of investment property securing the Trust's investments. The Trust's maximum exposure to credit risk is represented by the mortgage investments and participating loan interests. The Trust mitigates this risk by rigorously vetting all borrowers during the underwriting process, ensuring all new mortgage, participating investments and equity investments are approved by the investment committee before funding and actively monitoring the mortgage and other investments and initiating recovery procedures, in a timely manner, where required.

**iv) Currency Risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates. The Trust is exposed to currency risk from investment properties, equity accounted investments and mortgage investments that is denominated in US Dollars ("USD"). The Trust uses foreign currency futures contracts to economically hedge the variability of future earnings and cash flows caused by movements in foreign exchange rates. Under the terms of the foreign currency futures contracts, the Trust buys or sells a currency against another currency at a set price on a future date.

As at March 31, 2026, the Trust has a portion of its assets denominated in USD and has entered into currency derivatives to sell USD and reduce its exposure to foreign currency risk. As at March 31, 2026, the Trust has USD currency derivatives with an aggregate notional value of \$26,725 USD (December 31, 2025: \$27,262 USD) at a rate of \$0.72 and a weighted average maturity on April 13, 2026.

**CENTURION APARTMENT REAL ESTATE INVESTMENT TRUST**  
**Notes to the Condensed Consolidated Interim Financial Statements (Unaudited)**  
**For the three months ended March 31, 2026, with corresponding information for 2025**  
**(Expressed in thousands of Canadian dollars, unless otherwise noted)**

The following schedule outlines the Trust's net exposure to USD:

		March 31, 2026	December 31, 2025
Cash	\$	331	\$ 124
Equity accounted investments		23,190	22,323
Total assets held in USD		23,521	22,447
USD currency derivatives (notional value)		(26,725)	(27,262)
<b>Net exposure</b>	<b>\$</b>	<b>(3,204)</b>	<b>\$ (4,815)</b>

As at March 31, 2026, a 1% change in the United States to Canadian Dollar exchange rate would have the following impact on net income and equity:

		-1%	1%
	Carrying Amount	Income	Equity
		Income	Equity
Net US dollar exposure	\$ (3,204)	\$ 32	\$ (32)

#### 24. Supplemental Cash Flow Information

The following table summarizes the movement in mortgages payable, credit facilities and other debt during the year:

		March 31, 2026	March 31, 2025
<b>Mortgage Payable &amp; Other Debt</b>			
Balance, beginning of period	\$	3,290,192	\$ 3,132,230
New or refinanced mortgages and loans		13,373	78,183
Mortgage and loan repayments and discharges		(16,500)	(64,624)
Capitalized financing fees <sup>(1)</sup>		(399)	(784)
<b>Non-cash Adjustments:</b>			
Assumed mortgages and loans upon acquisition		22,776	—
Mortgages discharged upon disposition		(9,073)	—
Amortization of financing fees		945	727
Unsecured notes payable		(20,352)	—
<b>Balance, end of period</b>	<b>\$</b>	<b>3,280,962</b>	<b>\$ 3,145,732</b>
<b>Credit Facility</b>			
Balance, beginning of period	\$	212,000	\$ 100,000
Credit facility advances (repayments)		36,109	—
Balance, end of period		248,109	100,000
<b>Balance, end of period</b>	<b>\$</b>	<b>3,529,071</b>	<b>\$ 3,245,732</b>

(1) Capitalized CMHC premiums of \$2,674 (March 31, 2025: \$1,033) are not included in the capitalized financing fees for the purpose of this reconciliation.

The following table summarizes the changes in non-cash operating assets and liabilities:

	<b>March 31, 2026</b>	December 31, 2025
Receivable and other assets	\$ (3,271) \$	(4,388)
Accounts payable and other liabilities	(72)	(3,187)
Current income tax liabilities	489	749
<b>Net decrease in non-cash operating assets and liabilities</b>	<b>\$ (2,854) \$</b>	<b>(6,826)</b>

## **25. Subsequent Events**

- a) The Trust declared a cumulative monthly distributions of \$15,635, out of which \$6,586 were paid in cash and the remainder reinvested through DRIP.
- b) The Trust raised \$3,449 in capital.
- c) The Trust had redemptions of \$497 and has subsequently settled \$231 of the COT Notes outstanding.
